HOA Board of Director Election

By Leighton McLaughlin

HOA Board President Jacque Sneddon and Treasurer Wayne Staples are running for re-election to two-year terms in annual elections this month.

By the March 11 deadline, no candidates had filed to oppose them. Write-in candidacies are possible, but none had been announced by late March. There was a "Meet the Candidates" session in the Lodge on March 20.

On his application to run, Staples said among his goals for our community are, "1) To develop a unified vision as to what Four Seasons will look like in the future and to make decisions to further that vision. 2) To ensure that the quality of life ... is maintained in an orderly, systematic, and financially responsible manner. 3) To ensure that that the (HOA) funds are well managed and only spent for appropriate and necessary goods and services."

Sneddon said she hopes to, "recognize and address current and future needs of the community in order to maintain our high quality of

A Special Reminder: The Annual Meeting to elect board members is April 19 at 1 p.m. in the Lodge Ballroom. Be sure to vote and qualify for the cash drawing after the meeting.

DON'T MISS OUT!

life while keeping within a fiscally sound budget; to support projects and activities that will enhance enjoyment of our surroundings; to address concerns of residents with viable resolutions; and to protect the future success of our community."

Board Vice President Loren DuChesne has a year left on his term.

Ballots have been mailed to homeowners and must be returned by April 17. On that day, the ballots from the districts in which a majority of homeowners have voted will be opened and counted. The votes from districts with less than a majority will remain unopened and those district delegates will cast them as they see fit during the annual meeting for electing Board members on April 19. (see related story on page 11)

In an effort to increase voter participation the Board has authorized cash prizes for the three districts with the highest percentage of voters over the simple majority requirement. The prizes will be awarded to individual voters in a drawing immediately after the meeting. Homeowners in the three qualifying districts must have voted to participate. They will automatically be entered in the drawing and need not be present to win. First prize is \$150, second is \$100 and third \$50.

HOA News

Manager's Update

By Lisa Lynn, General Manager

At the Open Session Board meeting held on Thursday, March 8, the Board of Directors approved committee recommendations; including the Landscape proposal to send out the Springdale landscape upgrade project for bid, Landscape proposal for removal and replacement of trees along Crooked Creek and Highland Springs Ave., Landscape proposal to add temporary landscaping to the Chimney Rock cul-de-sac, Landscape proposal for the common area and front yard easement tree trimming annual budget, Landscape proposal for the common area annual mulching budget (upon the Finance Committee's recommendation, the front yard mulching budget was disapproved due to lack of funds), Safety/Facilities proposal to purchase a medical grade, non-electronic scale for the fitness center, Safety/Facilities proposal to install chair railing in the Billiards and Card Room, Safety/Facilities proposal to demarcate reserved parking spaces in the Lodge parking lot for the Bistro tenant and area for the lots on Slippery Rock Creek visitor parking, Safety/Facilities proposal for treadmill repairs and Social proposal for advance funds for the New Year's Eve Party for 2012.

The Board of Directors approved the proposals for the Amphitheater 2012 Summer Entertainment Series and the Corks and Canvases event, approved the bid for the Lodge/Spa building roof repairs, approved the bid for the Lodge/Spa building grout cleaning and tile sealing, approved the bid for replacement of the replacement barrier gate arms, approved the bid for the

purchase of letterhead, approved the proposal from the Travel Group to sponsor a Travel Expo at the Lodge giving residents an opportunity to learn about different travel opportunities, approved the delivery of the Chamber of Commerce publication, Beaumont Now which will be available in the Lodge library, approved the Towing Rules that had gone out for member review, approved the mulching of areas of Four Season Circle which will be shared by the Builder, and approved a bid for an Arborist report for trees recently turned over to the Association. Overall, 36 action items were requested of Management by the Board of Directors.

Management reported to the Board the completion of items including the footpath installed along Four Seasons Circle to the Lodge parking lot, light bulb replacements for the sconces and chandeliers (to reduce wattage used), replacement of the Springdale sprinkler heads by the Builder, Amphitheater upgrade improvements, replacement of the Bistro kitchen door, and replacement of the Billiards Room balls.

Management reported that 16 violation letters were sent out during February. Of those, six were for landscape or lot maintenance, five were for trash containers, one for a vehicle parking violation, one for signs, one for holiday decorations and two for not properly storing a garden hose. The Board of Directors suspended facility privileges for two members for delinquent dues, bringing the total for suspended privileges to 16 current members. There were 35 accounts with balances over 90 days past due.

HOA News

The Board approved the February 2012 meeting minutes and the January 2012 Financials. The Board meeting is held on the second Thursday of the month, with the Executive Session at 9 a.m. in the Lodge Conference room and the Open Session at 1 p.m. in the Lodge Ballroom.

A Meet the Candidates forum for the Board of Directors will take place on Tuesday, March 20, at 6 p.m. in the Lodge Ballroom. Please turn in your ballot for the Board of Directors election prior to Tuesday, April 17. The Inspectors of Election would appreciate it if you do not completely seal the white envelope since it is difficult to open when fully sealed.

Many thanks also to all of the District Delegate candidates. A list of the elected District Delegates is included in the newsletter.

The pool is scheduled to open Easter weekend.

Architectural Review Committee

We are still growing! The Architectural Review Committee (ARC) now has four homeowner members, with two more completing their requirements and will be proposed to the BOD at their April meeting. The ARC will then be comprised of Chairman John Papazian, the six homeowners, and the BOD Liaison Wayne Staples.

The ARC is responsible for reviewing and approving any exterior improvements or modifications to homeowner property. This ensures that all improvements adhere to the established guidelines. We are always looking for homeowners who want to become members of any of our committees. If you are interested in becoming a member please see one of the Homeowner Board Members or pick up an application at the front desk.

During the month of February we reviewed seven initial applications, ten amendment applications and inspected 20 completions.

Meetings are currently scheduled for the first and third Wednesdays of each month at 9:30 a.m. in the Lodge Conference Room. Come and see how the process works. Everyone is welcome. -- **Wayne Staples, Board Liaison**

Bistro Committee

The Bistro Committee met on Tuesday, March 6. The new door for the Bistro kitchen has been installed and works quite well. The Bistro Committee is changing its meeting time to the last Tuesday of the month at 11 a.m.

What really makes the Bistro work is homeowner attendance. *YOU!* It is your Bistro. You own it. The HOA contracts out the operation of the Bistro, but it is yours. Your participation insures its success.

Remember Tuesday nights-Tacos, Thursday nights-Italian and of course Friday nights-Steak.

The next meeting is April 24 at 11 a.m. in the Lodge Conference Room. All homeowners are invited to attend. -- **William Taylor, Chairperson**

Emergency Preparedness Program

No one, no community is exempt from a disaster. Disasters that might occur in and around Four Seasons at Beaumont are fire, flood, earthquake, natural gas lines damaged, rolling stock derailling and power disconnects – to list a few examples.

An emergency preparedness plan is necessary to address disaster.

The plan starts at the individual level, then incorporates group training and finally encompasses the community.

The individual plan is the first step in emergency preparedness. The individual plan addresses the need to plan for home needs in an emergency. To that end, The April EPP meeting will have a presentation by the American Red Cross on disaster and earthquake preparedness. The Red Cross believes that by providing valuable information together we can help people prevent, prepare for and respond to emergencies.

The EPP meets the first Thursday of each month at 10:30 a.m. and encourages everyone to Be Prepared. Everyone is invited to attend this most informative meeting: Thursday, April 5 at 10:30 a.m. in the Ballroom. -- **Anita Worthen and Dennis Gray**

Event Systems Committee

Things are cruising right along with the permanent installation of lights and sound for the Amphitheater and the Ballroom. These additions will be evident as we move into the summer months and begin using the Amphitheater for the monthly programs.

All these things happen with the help of our fellow residents. There was a “wire-pulling:” party in the Amphitheater to help lay the lines through the newly installed conduits. This means that cables and electrical wires will not be exposed to the elements and no longer need to be set up and taken down after each performance. Residents will also notice expanded seating areas to accommodate popular events. Rick Bowers, Randy Cook, Randy Balt, Colin Taylor and Phil Harris all helped with this task.

And, if you’ve noticed, new support structures have been installed in the Ballroom and the lighting has been permanently installed. This was another huge project, as all the electricity and supporting structure had to be installed through the ceiling. Lights were installed with the help of Colin Taylor, David Holt, Jeff Davidson and Phil Harris. This new lighting, coupled with the new stage, will greatly improve the Ballroom presentations. Last, but certainly not least, Roland Harrah deserves a huge round of applause as he has been on the front lines of these projects since their inception.

Our *Second Home & Garden Tour* fundraiser will take place on Saturday, June 2. Mark it on your calendar so you don’t miss the homes that will be displaying their unique back yards and gardens. Wristbands will be \$5 each. If you are interested in having your home considered for this tour, please contact Teri DiMarino-Davidson at (951) 769-4345 or k9styler@aol.com. -- **Teri DiMarino-Davidson**

Finance Committee

The Finance Committee held its regular meeting on Feb. 21. The Financial Statements for January 2012 were reviewed and reflected the following significant items: net income year-to-date was \$22,433 and total reserves were \$2,662,024. The accounts receivable (delinquencies) were \$107,563. Our total HOA expenses for January (excluding reserve allocations) were \$159,242. This was under budget by \$43,046.

There was one CD renewal to be reviewed. The Finance Committee recommended renewing at the best prevailing rate for a term of one year.

HOA News

The front yard cost center expenses for January 2012 were under the monthly budget by \$1,151.

There were 11 vendor proposals presented for approval. Wayne Staples, HOA Treasurer, reported that delinquencies are up approximately \$3,600 over December 2011.

With no further business to discuss, the meeting adjourned at 3:08 p.m.

A Special Meeting was held on Feb. 7 for consideration of three Vendor Proposals to be recommended to the BOD at their Feb. 9 meeting.

On Feb. 14, the Finance Committee attended a presentation by Fred Weck on the Springdale Common Area Landscape Upgrade.

Our regular Finance Committee meetings are held on the third Tuesday of each month at 1 p.m. in the Lodge Conference Room. All homeowners are encouraged to attend. — **Noel Myers, Chairperson**

Landscape Committee

There are new additions to the Association common areas. Both sides of Four Seasons Circle from the traffic circle near the main entry gate at Potrero/Four Seasons Blvd. up to Plymouth Rock, and the catch basin on the Highland Springs trail, now are the responsibility of the HOA.

While the size of this addition is relatively small, the landscape maintenance costs will be significant. Four Seasons Circle is populated with numerous sycamore, pine and cottonwood trees. All these trees are mature and will require outside-the-contract trimming. Trees that exceed 15 feet in height require approximately three workers for trimming to meet OSHA and company safety standards; one holds the ladder while one trims and the other assists by handing up the equipment. These trees will have to be trimmed yearly to every two years depending on the species.

More additions are planned for later this year. The original Springdale and Monarch model homes on Slippery Rock Creek are in the process of joining us and common areas along Plymouth Rock and Bloomington Park with the adjacent cul-de-sacs are scheduled for turnover. The Fuel Mod areas (fire suppression) around the western edge of the Four Seasons community will be added later. At a later date the Phase B Monarchs on White Sand will also come under the Association's jurisdiction for landscape maintenance. — **Len Tavernetti, Chairperson**

Neighborhood Watch

The March 9 Neighborhood Watch meeting was very informative. Members of the Beaumont Police Department's Citizen Volunteer Program, Bruce Wolfe and George Diggs, talked to the group about the Citizen Volunteer program.

They explained the duties of the program volunteers who provide a wide variety of support and help to the police department. They expressed the need for more volunteers and encouraged everyone to come and see what the program is about.

Beaumont Police Officers Sgt. Jeremy Dorrough and Officer L. Peats were also in attendance and, along with Diggs and Wolfe, had a video display of theft recovery items which were found after a large "theft ring sting." The idea being if any Four Season's residents had been victims and had not recovered any

of the items that were stolen, they may have been able to identify the items on display. There were approximately 800 items.

At the meeting a new Block Captain, Bill Raphael, was introduced. He will be the Block Captain from Rocky Creek Rd. in the Springdales and Lois Jimenez is the new Co-Block Captain from Cross Creek.

Sue Wilson will be a Neighborhood Watch coordinator and she will be introduced at the next meeting.

It is such a great pleasure to see the many residents who come to the Neighborhood Watch meetings. It proves that you all want to live in a safe community, and in a community where we watch out for each other. Thank you all for your support of the Four Seasons Neighborhood Watch Program. — **Jerry Whitfield, Lead Block Captain**

Rules and Regulations Committee

The April Garage/Parking Lot Sales will be Saturday, April 14, from 8 a.m. until 2 p.m. Sign-ups will end Tuesday, April 10. Seven dollars will pay for your city permit for a garage sale and advertising in the local newspapers. What a deal!

You may have noticed that we have a voting booth and ballot boxes in the Lodge available for our Board of Directors election. We also have charts showing the districts and their progress in obtaining quorum and extra percentages. Remember, we have cash prizes for the top three districts whose percentages over quorum are the highest. First place district will have a name picked from their households who voted and that person will win a cash prize of \$150. Second place district is eligible for a \$100 cash prize and third place district, a \$50 cash prize. Check the progress of your district on the charts in the Lodge.

You are invited anytime to attend the Rules and Regulations Committee meetings. They are the third Thursday of every month at 9 a.m. in the Lodge Conference Room. If you have questions, please call me at (951) 797-3257. -- **Louise Lyon, Chairperson**

Safety and Facilities Committee

Our community is not exempt from break-ins. Especially when residents fail to exercise due caution: leave our garage and other doors unlocked, leave evidence we are away for an extended time or leave our vehicles unlocked when parked.

Carelessness is an invitation to criminals to take advantage. In addition to theft, injury may occur if the intruder is surprised in the act. We need everyone's help to make our community as safe as possible.

The next scheduled CERTS (Community Emergency Response Training) event will start on June 14. This 20-hour program is an excellent way to learn more about caring for yourself, your family, your neighbors and our community. We urge all our residents to enroll in this or other CERT training sessions. Contact the Lodge front desk for complete information.

We realize the frustration residents have when they cannot use our exercise equipment when the demand is high or the machines are broken down. Breakdowns occur more frequently as the machines in-use time increases with the growth of our community.

The Board is well aware of this problem and supports all

HOA News

efforts to repair or replace machines as needed. We now have monthly service of the machines and are making every effort to locate spare parts to reduce down time. We ask users to respect the machines and never abuse them. Reporting a problem (or potential problem) is key to staying on top of keeping our exercise equipment running at peak performance.-- **Jerry Thompson, Chairperson**

Social Committee

Our Mardi Gras party, as I'm sure you have heard, was a howling success. Everyone seemed to enjoy the food, decorations and the dancing. We had our Mardi Gras parade with Queen Sue (Wilson) and our King Pete (Antoine) who did a royal job for their subjects.

As usual I cannot report on the St Patrick's Day party as it happened after the newsletter deadline, but I will give a full report on it next month.

Our next event will be the Fashion Show and Tea which will be May 19 starting at noon. Lunch will be served at that time with the fashion show starting 12:30. This is always one of the most popular events that we look forward to each year. Like last year, our clothes will be coming from Jones of New York and we will also have Godiva wigs, a jewelry table and an accessory table for your pleasure.—**Melody Seewoster, Chairperson**

Ad Hoc Water Management Committee

Mother Nature gave us a smoke screen. The February "Blizzard" was her belated acknowledgement that it was winter at Four Seasons. Unfortunately, it was much too little and a bit late in the calendar. Our rain tables for the first two months of the year reflect 1.87 inches, far below our average of 8.25. Our water bills for the December-January period show a 37 percent increase in consumption over the previous year -- and, our bills, which include the 10 percent rate increase in January, are 48 percent higher.

Our test on Crooked Creek moves into phase II in April with the removal of more turf and planting of Myoporum with a drip system adapted to the sprinkler heads. Last year's planting of Myoporum irrigated with the existing sprinkler system continues to show a reduction in water consumption and is expected to increase the reduction as it matures. – **Len Tavernetti, Chairperson**

District Delegate Elections

By Leighton McLaughlin

HOA District Delegate elections were held on Feb. 23 and March 1, with a much better voter turnout than in the past.

All but three of the 11 districts achieved a majority of homeowners voting, and their delegates were elected on Feb. 23. The other three, Heritage 1 and Monarchs 1 and 2, participated in a second vote March 1, when the required percentage of voters was reduced to 25 percent.

HOA Board Vice President Loren DuChesne said, "It's encouraging to see more homeowners becoming involved in the community. It's a good trend. I hope it continues."

He said that last year, the Board had to appoint two delegates because of a vacancy and, at the last minute, the absence of the

delegate in a district that had no alternate.

The primary duty of the delegates is to cast the votes that elect the Board members – much like the Electoral College in U.S. presidential elections. There is a clear potential conflict of interest in having Board members appoint the voters who elect them – so strong homeowner turnout is critical.

Turnout is also important for the upcoming Board election in April. Unless a majority of district homeowners vote, the district's ballots are not opened and the delegate casts its total voting power as he or she sees fit. If a majority votes, the ballots are counted and the delegate is obligated to cast all the district's votes in the same proportion as the votes cast. (see Board story on page 1)

The last Board election was decided by the 63 percent of the vote cast at the discretion of seven delegates from districts that had no majority.

In the delegate elections, the highest vote getter became delegate and the second place finisher became the alternate. There were no districts with more than two candidates. There are two districts with no alternate. After a tie vote in the Landmark 1 district the two candidates agreed between them that Randy Balt would be the delegate and Paul Esposito the alternate. (See chart below for the names of delegates and alternates in each district.)

Credit for finding candidates and raising interest in the election goes to the Nominating Committee of Don Fant, Sonya Tamplin and Jerry Whitfield. They were appointed by the Board because of the lack of interest shown in last year's elections.

District Delegates for 2012

District	Delegate	Alternate
Arbors 1	Philip Harris	None
Arbors 2	Noel Myers	Grace Germany
Heritage 1	Henry Lambooy	Lynn Gerlach
Heritage 2	Toby Davis	Suzanne Roldan
Landmark 1	Randy Balt	Paul Esposito
Landmark 2	John Noonan	Ronald Burke
Laurel 1	Gary Franck	LaVerne Prophet
Laurel 2	Howard Lyon	Thomas Danielson
Monarch 1	Richard Wurtz	None
Monarch 2	Stephen Sarchett	None
Springdale	Don Fant	Lois Jimenez

Clubs & Activities

All Seasons RV Club

By the time you read this, our trip to Pechanga RV Resort will be a recent memory.

We have eight rigs going. Plans are to enjoy the Temecula area wineries, restaurants and spas as well as spending time around the campfire at night.

Our future trips are to San Clemente State Beach April 15 to 20, Chula Vista Marina

Resort May 20 to 25, Elks Rodeo at Santa Maria June 1 to 3, and Lake Casitas at Ojai June 3 to 7.

We are discussing a trip to Big Bear Lake for July and possibly a trip to Napa/Sonoma area in the fall.

Come join us! Our meetings are on the second Tuesday of the month at 6 p.m. in the Arts and Crafts Room at the Lodge.---

Nancy Morgan

African American Cultural Club

At the last meeting Chairperson Betty Ann James introduced Derrick Jones, the scheduled speaker for the evening, a mortgage broker who is CEO of Authority Lending.

He has been in his field for approximately 16 years and his company assists people with buying and selling homes, financing and mortgage modification.

Jones asked, "Is it to your advantage to change your loan?" He said that lenders will not let homeowners refinance unless there is a benefit to them.

He spoke of two programs which have been proposed by the Obama Administration: Home Affordable Mortgage Program (HAMP) and Home Affordable Refinance Program (HARP). HAMP was designed to assist home owners who are in distress and HARP was originally introduced in 2009 and amended in October, 2011. The revised HARP will go into effect next week and to qualify for this program the owner's loan must have originated with Fannie Mae or Freddie Mac; this program is beneficial if the owner is upside down on his/her mortgage.

Jones, also spoke about the different types of mortgages: a) interest only (not recommended); b) negatively amortized (not recommended); and c) amortized (recommended because you pay into equity of the home). Last, he discussed reverse mortgages which seemed to be of interest to a number of the members.

The next AACC meeting will be held on Monday, April 2, at 6 p.m. in the Card Room at the Lodge. For more information regarding the club, please contact Betty Ann James, Chairperson, (951) 572-5538 or Joyce Allen, co-chair at (951) 769-4354.---**Mabelene Dimmer**

Amphitheater Production Group

Great News! Our Four Seasons Community Board of Directors has graciously approved the funding of three of the five Amphitheater events, which means we have booked some really great entertainment for this season.

Sunday, May 20, will open the Amphitheater 2012 Season with the Dave Leahy Band featuring John Sommers. This is a professional group with a fun sound and large range of music from pop to folk. John Sommers is known in the music industry as a singer and song-writer. He has written numerous songs including "Thank God I'm a Country Boy" for John Denver and worked with the Denver Band from 1974 to 1977.

Sunday, June 24, we will once again hear Bob and Sean and The Lady Danger Band. They preformed last May, but were unfortunately cut short due to time issues. We asked them

for a return engagement and they kindly agreed.

Sunday, July 15, will remain a surprise mystery for a while as we continue to confirm the booking. So stay tuned on that one.

Sunday, Aug. 19, we will once again see Stephanie Davies who sang her heart out last year with "A Vocal Journey." This year Stephanie will present "A Night of Broadway." The Lodge was abuzz for some time praising her talents, so don't miss this young lady the second time around.

Our Grand Finale on Sunday, Sept. 16, will again be presented by the Markus Heart Foundation's Entertainment Variety Show. The show was quite impressive last year and, although different, promises to be so again this year.

So there you have it. We have another season of fantastic music in store for you.

Look for the Amphitheater Production Group to be featured in the May Sentinel with lots more information. It's going to be the best season yet!!

See you at the Amphitheater. We are always looking for more volunteers. Call (951) 849-5535 if you would like to be part of our group.--- **Penny McDonell, Chairperson**

Ballroom Dance Club

When first learning a dance, it's mostly a mechanical effort for us all. Put your feet here, move your body there, turn a certain direction, etc. And it's often easy to give up! Sometimes we feel like we'll never get it.

But with the guidance of our patient and excellent instructors, and some practice, we begin to feel the dance and experience its flow and expression, and we come to realize the joy of dancing to a wide variety of beautiful music.

Right now we're learning the Foxtrot. This dance was supposedly popularized by Harry Fox, a vaudeville dancer born in Pomona who did a New York stage show in 1914. Originally, the dance was quite fast – but we do a more fluid, elegant and less hurried version that is much easier to learn.

The Foxtrot is an amazingly adaptable dance, and can be done to many well-known standards, such as *I've Got You Under My Skin*, *A Foggy Day*, *Cheek to Cheek*, *Pennies From Heaven*, *All of You*, *Sunny Side of the Street*, and many more.

Remember: *the more you learn, the easier it gets*. So if you've tried ballroom dancing before and for some reason have given up, come and try it again.

For questions or comments, please contact Puring and Gary Stifter at (951) 922-8333, or at purings@verizon.net.---**Willis Fagan, for the Ballroom Dance Club**

Book Club

On Tuesday, April 10, the Book Club will be discussing *Tunnel Vision*, a psychological medical thriller by author Gary Braver.

Ray Bradbury, one of my favorite science fiction authors, said of this book: "I have long believed that science will move us toward God and give us proof of his creations. With *Tunnel Vision*, Gary Braver provides a wonderfully frightening and insightful tale on this theme that shatters my bones and leaves me to piece myself back together." After reading this book, I must say that I heartily agree with Mr. Bradbury.

After a biking accident on icy Boston streets, grad student Zack Kashian lapses into a coma. He wakes up much later, on Easter, muttering the Lord's Prayer in the original Aramaic. Called a "miracle man" by the media, religious zealots crowd into Zack's hospital room. Zack's mother, Maggie, who was brought up Roman Catholic but has lost her faith, has Zack

Clubs & Activities

moved to another and secret hospital room to prevent further intrusions.

After his recovery, Dr. Elizabeth Luria, who is the head of a group of neuroscientists secretly studying near death experiences, recruits Zack to participate in her research. Dr. Luria is desperate to prove that the afterlife exists. Her wealthy evangelist sponsors are, too, and can't wait to be able to announce the greatest discovery in human history: that God exists!

Braver's novel seems very well researched and grounded in science. It is an exciting read and cleverly raises many questions about God, life after death, near death experiences, dreams and the paranormal. It certainly makes you think! The author never really takes a stand on these questions, but leaves it up to the reader. I expect a very lively and entertaining discussion at our April meeting. All Four Seasons residents are invited to attend.

The book selection for our next meeting on May 8 will be *Rise and Shine* by author Anna Quindlen.—**Jeannine Lutz**

Bridge Club

We are in need of Bridge players. This game has the ability to keep the mind up to speed, something we all could use!

We do not play duplicate at this time because most of us are still learning the game. We play party bridge and it consists of playing 6 hands with one partner and then we change partners. You will play with 5 different partners. This enables us to get to know different ways to play the game and improve our skills. We are here to enjoy the game. The really serious bridge players do not need to apply unless they understand why we are here. We will work to help anyone who would like to learn the game. For those that would like to refresh their skills or learn the game, come on down to the Lodge on Mondays at 10:30 a.m. We usually wrap up about 2 p.m.

For those who would like to learn some of the game from the computer, the following are a couple of ways: go to [Http://ACBL.org/learn/index.php](http://ACBL.org/learn/index.php) and you can download beginners and intermediate lessons. Also, you can go to American Bridge Association's web site and click on Bridge Education for different bidding methods. BBO (Bridge Base Online) will give you a chance to play interactively with people from around the world.

For more information please call Helen at (951) 845-9312.—**Roar Senstad**

Bunco

Last month we had seven tables for Bunco and we had a blast. If you haven't played for a while and have been thinking about playing again, come join us. If you are new to the neighborhood, we meet for Bunco the second and fourth Friday of every month.

The next time we play will be Friday, April 13, and Friday, April 27, at 1 p.m. in the Card Room at the Lodge. If you have any questions, you can call either Anni Smith at (951) 769-7371 or Suzanne Roldan at (951) 849-8540.

See You There. -- **Anni Smith**

Canasta Club

We meet every Thursday in the Card Room from 1:15 p.m. to 4 p.m. Please join us for an afternoon of fun and friendship. Get to know your neighbors.

If you don't know how to play it is not a problem as we are always glad to set up a teaching table.—**Melody Seewoster**

Crafters

Well, February is gone and we are into March. I love the month of March. The birds sing more and I feel more like doing fun things, don't you?

The Crafters are again inviting you to join us. This time I think there are a few new things we are going to do. Rabbits are a thought, and we could be making some stuffed toys for the children's ward. Maybe you would like to help with this: to give back to the community. Let's give that a thought.

As always, we had a winner for "guess how many in the jar." The winner was Martha Melendez. She won 90 candies. I wonder who will be the winner next. Come and join us. The winner could be you.

Remember to mark your calendars for the first and third Thursday of the month for class at 5:30 p.m. We hope to see you soon. If you have a question or comment give us a call: Pam Kelley, (951) 769-7967, or Rita Partida, (951) 845-7193.
— **Pam Kelley**

Discovery Club

Why pay money to have your family tree traced; go into politics and your opponents will do it for you! (Author Unknown) Well, we don't prescribe this method of doing your family tree.

There are two basic elements to preparing a family tree, as follows:

Discovery – sometimes taking persistence and creativity to dig through many leads and answer many questions. This is the work of genealogy, which when done is quite rewarding.

Organization – doing something useful with what you've discovered, putting it in order, and identifying everything, so that others gain an understanding of your work.

At our meetings people share their experiences of finding information on their families, how they've organized what they've found, and what they are doing to continue their work.

For example, one person told of sorting through thousands of slides. Each slide had to be viewed to determine its value relative to the family history. He then took over 600 "keepers" to Costco to have them scanned into digital format and saved onto a computer disk. Now these valuable, but previously unusable, slides can be viewed on his computer, made into a digital slide show, and copied into an historical document for the family to view and keep. What a great service and gift to future generations!

If you need help with your family tree, whether in the discovery or organization phase, please join us at a Discovery Club meeting. You can contact the club captain if you want at wefbev@verzion.net. Also, you will be notified of the next meeting time and place via email.-- **Willis Fagan, Club Captain**

Four Seasons at Beaumont Racquet Club

The FSBRC "sprung" into spring with our inaugural and now annual visit to the BNP Paribas Tennis event in Indian Wells.

About a dozen of our members spent March 6, "free" day, watching qualifier matches or checking out many of the best known world-class players on the practice courts or multi-tasking with shopping, eating and socializing options. Of course, the tennis players among us were hoping to burnish skills through osmosis or tennis "pixie" dust assimilation which would magically transform our games quickly into the Federer/Azarenka model!

Clubs & Activities

But the real action for us will be the many Play Days planned for the 2012 season-- kicking off on March 31. We will hold this morning-long event the last Saturday of each month probably through October. The emphasis is always on fun, conviviality and of course honing our tennis skills. Cheryl Smith, our Developmental Coach, will start things off with light and easy drills followed by open play at 9:30 a.m. Depending on interest, beginners or re-learners will move with Cheryl to the Paddle Tennis facility for more hands-on practice and instruction. Otherwise, it is rotational play on our two courts overseen by Howard Lyon, Irve Sturner or Manny Fauni. This is strictly for fun, enjoyment and an opportunity to mix and match tennis skills with your neighbors all the while soaking up the sun and fresh air that goes with living here. As the morning winds down, players will move to the Bistro for a non-hosted lunch and more conversation! Come join the many new faces who are showing up on our tennis radar since last year---it won't be complete until you're part of the party! All residents are welcome, \$5 for members, \$7 if you aren't.

Away from Four Seasons, Cheryl Smith who has been adding titles throughout the Fall and Winter season headed to Houston in March for an American Airlines sponsored "Open" tournament and then this month will participate along with her winning regional Orange County team in the USTA Woman's Nationals in Surprise, Arizona. We hope she continues to garner more awards! And Mickey and Howard Nelson played at Palo Alto for the California State Senior Games championships last month. If they won their third state title they'll advance to the Senior Nationals to be held in Cleveland in 2013.

See you on the courts! -- **Ken Elliott for the FSBRC**

Life Guide Bible Study Club

In March the Life Guide Bible Study Club concluded its study in the series called "Breaking Free." This series was rich with challenging questions and stimulating discussion by our Club. We plan now to take a short break over the Easter season and begin again in the third week of April, Tuesday, April 17. At that time we will begin a short study on how to discover guidance from God. Everybody is welcome.

The Bible Study Club meets in the Ballroom of the Lodge on Tuesday evenings from 7 to 8 p.m. The club provides an opportunity for us to meet people in the Four Seasons community, and also a chance to encourage and strengthen one another in our walk of faith. By the way, each lesson is self-contained, so you will benefit from the discussion even if you have missed previous lessons. This study time will give you an opportunity to share your faith and gain encouragement and help from others in the group. For more information, call Don Cummings at (951) 572-5329. -- **Don Cummings**

Knitting & Crocheting

Everything is status quo in the group. Everyone is working on an individual item or on the items for the VA. No lunches are planned at this point.

We have a new member who joined us last month. Once again, we would like to invite anyone who is interested to come by, see our work and join us for some fun and good conversation.—**Dorothy Payne**

Golfing for Fun

"Spring is in the air" and it's time to clean up the clubs, polish up the golf shoes, acquire new balls, tees and any other needed accessories to get you

ready for the new season. Oh yes, also time to hit the practice range and putting green. There are two great practice ranges near Oak Valley and the Morongo (previously PGA) course.

We, "The Distinguished Duffers", invite K-Hovnarian Beaumont guys who have golfing experience to join us in taking on local golf links for fun and adventure. We usually meet on Friday a.m. to take on this challenge. Our group has grown in recent months and I expect an ever increasing participation as the weather warms.

The process is relatively simple if you wish to participate. So we can inform the golf course and reserve the necessary number of tee times, we need to know in advance who will be coming. If you are interested please contact Tim Jacobson at: tjacobson@dc.rr.com (951)797-3563 or Phil Harris at Philip. harris54@yahoo.com (951) 922-6676. -- **Tim Jacobson**

Line Dancing

Need some exercise for your body and your mind? Line dancing may be for you. We always start with the Electric Slide because you can do it to so many songs and because it is performed almost everywhere there is dancing. What better way to have fun, meet some neighbors and exercise too?

Line dancing has moved to Tuesdays! I am starting the beginner's class at 3 p.m. and the advanced class at 3:45. Many of the dances are the same for both classes; I just take more time teaching the steps with the beginners. Once you learn five or six dances, you find that the steps are mostly the same, just put together differently in different songs.

Everyone is welcome to come for the entire 90 minutes or just the portion that is best for you. The important part is coming and having fun. Come on out and watch some day. Hope to see you on Tuesdays at 3 p.m. in the Ballroom at the Lodge.

If you have any questions, call: (951) 769-3889. -- **Martha Franck, Club Captain**

Like Motorcycles?

A group of resident motorcycle riding enthusiasts is forming the Four Seasons Motorcycle Club.

The club's purpose is to promote the enjoyment of the Four Seasons motorcycle community by encouraging safe riding practices, organizing rides and social events, and disseminating ride activity information to its members.

The club will meet in the Ballroom on the first Wednesday of each month at 6 p.m.

Anyone interested in becoming a part of this group may contact Bob Howard or Howard Lyon, (951) 797-3257, or you can leave your contact information on the sign-up sheet at the Lodge front desk and we will contact you. -- **Howard Lyon**

Old School Dance

In March, Old School Dance Club started each meeting by playing tunes with a different theme each night: jazz, blues, Motown, rock 'n roll, old school doo wop and R & B. We will be dancing and having fun.

If you feel free and happy and like to dance to a blast from the past while enjoying chatting with your neighbors, come on over and join us. Relax, unwind, and feel free to bring a snack to share if you wish.

Until next time... -- **Willa Harris, Old School Dance Captain**

Clubs & Activities

Ping Pong Club

Ping pong is a fun game and fun is what we have here at beautiful Four Seasons as we play on a recreational level.

Occasionally, however, some of our players like to take the game to the next level where it is still fun but becomes much more competitive and serious in nature. There is no better venue to do just that than the annual Palm Desert International

Ping pong players Dennis Saur (l) and Don Fant sport their medals with tournament Director Ann Jenkins

Sports Festival and Senior Games. This year, for the table tennis competition, it was held over two days, Feb. 16 and 17.

This tournament, because of its status and because of the coveted medals it offers, draws top players from all over California and even a few from out of state. The players it drew from our own Four Seasons Ping Pong Club were Pete Antoine, Don Fant, and Niles Sundstrom. Pete and Niles teamed up in the doubles competition and, after five rounds of play, fell just short of the bronze medal finishing in fourth place. As expected, Don Fant was our most successful representative down in the desert. In fact, he was a little more successful than even he thought he might be against all the top flight players he had to face in order to bring home a medal. There is no better way to learn about his play and experience at these games than through his own words:

1. This tournament has grown in popularity and in talent over the last three years. What makes this ping pong tournament so special and so tough?

Don: Players come from all over Southern California and even Las Vegas and Canada to enjoy the competition. Some combine the tournament with vacation time for double enjoyment.

2. You won three medals at this tourney. What were your expectations going in to the competition? Did you expect this medal haul?

Don: I knew my doubles partners were both strong players and had a good chance to medal, but didn't expect Silver in both. The competition was tough in singles, and I was pleasantly surprised to get a Bronze.

3. Which medal are you most proud of and why?

Don: I think the Bronze in singles competition because I earned it solely by my own efforts.

4. How many matches do you think you played over the two days of competition?

Don: I played 28 games on Thursday and 18 on Friday. Saturday was spent in the recliner. (Interviewer's note: As you

can see, Don as a good sense of humor to go along with his good ping pong game.)

5. What was the best thing about this tournament for you?

Don: Besides the great competition I enjoyed being around really fun people who share a true love of the game. The tournament also has a great diversity, people of all walks of life who have the common desire to play table tennis.

6. If you could change anything about the way you played here, what would it be?

Don: I played an old rival, Ed Ayala, in singles and gave away too many bad serves. You just cannot do that against a great player like Ed and get by with it, which I didn't.

7. You played against and watched a lot of very good players at this tournament, what skills do these guys have that makes them so good?

Don: A great player can hit both forehand and backhand equally as well. Knowing when to attack on offense and when to drop back and defend is essential. A variety of good serves is always inherent with good players, as well as good ball placement on returns. They usually have a warm smile and a hand shake after they have destroyed you on the table. (Editor's note: This last characteristic of a good player is definitely true of Don as every one of us on our club can attest to, especially the destroying part.)

8. Do you approach table tennis as a serious sport or as a recreational past time?

Don: Both...I have enjoyed the game since I was a young boy, but also am constantly looking for new places and people to play with to improve my skill level. If my body and wife would let me, I would play 24 hours a day.

9. What if some of our community members wanted to get involved in the sport, how could they do that?

Don: Here at Four Seasons we have a group of all skill levels who play at 10:30 every day but Sunday. It is a group of very nice fun-loving people who are always excited to meet new players and make it a point to make them feel welcomed.

10. Any other comments you care to make about the tournament?

Don: I can't wait till next year. – Niles Sundstrom

Radio Club

Are you interested in:

Rekindling the excitement you felt as a young person listening to far-away stations on that big tube radio in the living room?

Renewing the Amateur Radio license you used to have or even obtaining a ham license for the first time (it's easy – no more Morse code requirement!)?

Helping your neighbors in an emergency as a trained radio communicator operating your own license-free hand-held radio (no, you don't have to be a Ham to do this!)?

Enjoying the fellowship of a group of people who, despite the existence of cell phones, still find magic in communicating over the air with their own radio equipment?

We are doing some exciting things these days including moving forward with the development of our own emergency communications response plan, working with other local amateurs in building an expanded local communication network, reviewing and recommending easy-to-operate, license-free equipment for volunteers in the community, and providing assistance and support to the Four Seasons Emergency Preparedness Program.

Clubs & Activities

You don't have to be an electronics or radio expert to join our club. You just need to be interested in communications and helping your neighbors in an emergency.

Hope to see you at the Lodge Conference Room at 10 a.m. on Friday, April 27. — **Jim Peterson**

Four Season Singers

"Tom And The Evenings" was performed in the March Talent Show. We hope those of you who saw it enjoyed our skit.

For the rest of 2012, we plan on building on our skills and having fun practicing and learning new music.

Remember, if you want to join, just call me at (951) 797-3466 or email me at bawasco@dc.rr.com. — **Barbara Wasco**

Seasoned Solos

In March the Seasoned Solos took advantage of the warmer weather and great art shows in the desert area. The first was the La Quinta Arts Festival followed by the Palm Springs Village Fest.

The Village Fest is an evening event featuring a diverse array of artists, artisans, entertainers, and purveyors of fresh fruits and veggies, flowers, jewelry, snacks and sweets.

To add to the month's interesting activities, we toured Kimberly Crest Mansion in Redlands. The guided tour by a knowledgeable docent helped us appreciate the history of the beautiful home and grounds. Following our tour we went to Eureka Burger for a good lunch. Not your average burger place, this restaurant offers bison burgers and veggie burgers, as well as the standard burger, and many salads.

Later in the month we went to San Bernardino to the Elephant Bar for a good lunch and a good time.

For our first activity in April we will travel to Palm Desert for the El Paseo Art Walk. El Paseo is a world-class shopping district that features shops, art galleries, jewelers, restaurants and more.

Our next meeting will be Friday, April 6, at 6 p.m. in the Craft Room at the Lodge. All "solos" are invited to join us. If anyone would like more information, please call Mary Castle at (951) 769-5444 or Toby Davis at (951) 769-2380. — **Mary Castle**

Taste d'Vine Wine Club

We have so much fun at the Wine Club meetings. We toast, taste, get educated on the wines featured that month, eat tasty treats, share, socialize, have entertainment and just have a great time.

The room is always decorated with the theme of the month. February was "Wine is Good for the Heart", March, "Italian." This month we are featuring wines from South America. Ole!

Members \$5, Guests \$8. Bring appetizers and two glasses if you want to share.

We are looking forward to the good food and Tastes of the South American Vines...Please call if you have any questions.

— **Anita Worthen, President**

Travel News

Please join us for a 12-night Mediterranean cruise on the Celebrity Solstice leaving Sept. 20. This cruise will take us to exciting places such as Barcelona, Monte Carlo, Florence, Rome, Naples/Capri, Kotor (Montenegro), Venice, Split (Croatia) and back to Barcelona. The cost for this wonderful cruise is: Ocean view: \$2,272.33, Balcony: \$2,502.33 and Concierge: \$2,722.33 and includes all taxes and government

fees. If you are interested please call Barbara Strona at (951) 69-7895. To guarantee pricing, a deposit of \$450 must be made by April 13.. This price does not include airfare, which is \$1,509 from Los Angeles.

We are also planning an 11-day land trip to Switzerland, Austria and Bavaria leaving April 24, 2013. This trip includes round trip air from Los Angeles, all air taxes and fees, transfers, hotels and 12 meals.

Highlights of this trip include Bern, Chateau de Chillon, Montreux, GoldenPass Panoramic train trip from Montreux to Gstaad, Gstaad, Lucerne, Innsbruck, Austrian Alps, Salzburg, Mirabell Gardens, St. Peter's Restaurant, Bavaria, Oberammergau and a Tyrolean Folklore Show. One thing nice about this trip is we will spend four nights in two different hotels and venture out from them to visit other places.

The cost is: double \$3,419, single \$3,839 and triple \$3,479 and the price will increase after the deposit date. The deposit is \$250. One important fact: if for any reason you find you need to cancel this trip a full refund is offered up to the day before the day of travel if you have purchased the travel insurance at a cost of \$220 per person. Final payment is due by February 23, 2013. There will be a meeting on May 8, at 6 p.m. at the regarding this trip. Please plan on attending if this trip appeals to you. — **Melody Seewoster**

Four Seasons Spotlight
**All Grown Up - The Wages Of
The Golden Years**

The Travails of Temperatures

By Crochet E. Oldman

The globe may be warming, but I'm not.

Shirtsleeve weather used to start at around 60 degrees. Now I wear a jacket or a sweater – or both -- until the mercury is securely into the 70s.

For years we set the winter thermostat at 70, but lately I found myself wearing a heavy sweater and huddling next to the fireplace, so we've gradually jacked the temperature up to 73 – and I still wear a sweater.

And it seems every cold draft in our car blows in my hands. That didn't used to happen. It must have something to do with modern automobile design. I've been suspicious ever since the manufacturers started "unibody" construction where the whole car is stamped out like some kind of soup can or cookie tin. I liked the old days when there was a good, solid chassis and the body was firmly bolted on to it.

Anyway I've taken to wearing gloves when I drive – even with the heater going. My wife gave me a great pair of leather gloves, but I lost one. Now I steer with the gloved hand and sit on the other to keep it from freezing.

I have a grandson who plays winter baseball. When I attend his games, I look painfully like those old Life magazine photos of World War II refugees in the Russian winter. The games are on fields in Southern California and Arizona, not some frozen Minnesota lake, but I have a hoodie I wear over a sweater and under a leather bomber jacket and scarves and ski hats and mittens and gloves and long underwear (It's impolite in my generation to talk about underclothes, so don't tell anybody). And I'm still cold – my neck, my feet, my face, but particularly my hands. I put on gloves then put my hands in my pockets and they're still cold.

I take a stadium seat with me that fastens on the flat grandstand bench and provides a back I can lean against. It's quite comfortable, but I'm seldom in it. I'm up hopping around trying to generate

C. E. Oldman

body heat or haunting the concession stand looking for hot coffee.

And I sleep with socks on. One of my earliest childhood memories is what a big deal it was when I graduated to regular pajamas from my kid's sleeper with the drop seat and attached socks. Memory says they were called Doctor Dentons, after some now-long forgotten pediatrician who thought toddlers should have warm feet and accessible bottoms – good thinking on the doctor's part. Well, I've gone full circle. I wonder if they make those things in 46-long.

I don't know what it is about the hands and feet that make them so cold. I guess it has to do with my circulation slowing down during the golden years. Slowing down is one thing; coming to a complete stop and the ankles and wrists is another. I could chill four bottles of wine at a time – two with my hands and two with my feet. I wonder if there's any money in that.

In the summer things are better. I still like heat – up to a point. We set the air conditioner at 80 and that feels right to me when I come in from the Beaumont summers. Trouble is I start getting uncomfortable when the outside mercury hits around 83 or 84. I turn on the car's air conditioner and circle around trying to find a close-in parking space -- preferably in the shade -- so I won't have to walk too far through the grocery store's hot parking lot – stuff like that. But, at least my hands and feet are warm.

The lesson in all this is that the golden years have made my temperature comfort zone really narrow. Like I said, shirt-sleeve weather used to start at about 60 degrees. Then I was good up into the low 90s before the heat began to bother me – a range of more than 30 degrees.

I've lost a good 12 to 15 degrees to the cold and around seven or eight to the heat – so I'm working between 74 and 84. The old range of more than 30 degrees is down to ten, and still narrowing. I calculate that in about five years it will be exactly 78.5.

I wonder, can I set the thermostat so the furnace comes on at 78 and the air conditioner at 79?

Neighborly Notes

By Bobbie Eckel

Residents, please note that the Lodge hours will be reduced on Easter Sunday, April 8. The Lodge will be open from 12 p.m. through 9 p.m. on that day. This will not change the Waste Management schedule for our community. Pick-up will still be on Tuesday, April 10.

The pool heaters are normally turned on so that residents and family members can enjoy the pool during the Spring breaks. According to Lisa Lynn, General Manager, the pool will be heated on Easter weekend.

Cell phone numbers went public in March. Telemarketing companies can now make sales calls which will be charged to your cell phone. You can prevent this by calling the National Do Not Call line, 1-888-382-1222. You must call using the cell phone you want to have blocked. The block will stay in effect for five years.

Softball buffs, it's time to join the Valley-wide Senior Softball League. The League plays out of Valley Wide Recreation Center in San Jacinto. All levels of play are involved; interested players must be age 55 or older. Summer and winter seasons are sched-

uled. The cost is only \$30 a season. You play at least 40 games each season. Game Days are Tuesdays and Thursdays. Practice is on Wednesdays and Fridays, 7:30 a.m. to 9:30 a.m. Modified ASA rules are utilized. Players interested in playing during the Summer Season must sign up no later than May. Please call (951) 927-4509 for additional information or to sign up to play.

A special thank you to the Finance Committee for an excellent presentation of the State of the Budget on Tuesday, Mar. 6. The meeting was well-attended; the information was relevant and concisely presented. Residents who attended learned that there are no current plans to change the HOA fees!

A reminder to residents to lock your car, even when it is in your driveway. We have had difficulties in the past with break-in of unlocked vehicles and apparently the problem still persists. Do your part to protect your car and its contents!

The April Lunch and Learn program at the Albert A. Chatigny Sr. Community Center in Beaumont focuses on Senior Safety. The event is scheduled for Thursday, April 19, at 11 a.m. Please call (951) 769-8539 to make reservations.

An interesting thought for this Income Tax month: "A fine is a tax for doing wrong. A tax is a fine for doing well."

Four Season's Community Info

Activities Director Corner

By Cindy Graves

Spring is here and with it some new interest groups: For all of you gun enthusiasts there is an interest group forming to start a Four Seasons Gun Club.

This will be for both men and women and is hoped to be a great resource for information on gun safety and cleaning, target shooting, competition and exhibition shooting and group outings to shooting lessons and gun shows, to name a few. It should be a great time that residents can socialize and learn from each other as well as professionals. If you are interested in being involved, please sign-up on the interest sheet at the Lodge desk or call Ron Morgan at (951) 769-5867 or Steve Meier (909) 528-3342.

For residents who love pavement, open air and two wheels, there is also a Four Seasons Motorcycle Club trying to get started. Be sure to take a look at the flyer and the sign-up sheet at the Lodge as well. They will be holding organizational meetings on the first Wednesday of the month at 6 p.m. in the Lodge.

In honor of spring, the Crafters will be taking on another day of crafting. They will now be meeting in the Craft room starting Wednesday, April 11 from 10 a.m. to noon. Wednesdays will now be their weekly class but they will still meet on the 3rd Thursday evenings at 5:30 p.m. They have done some beautiful crafts from spring stepping stones for the garden to charity bears and chicks to help good causes. If you would like to attend or have questions, call Pam Kelley at (951) 769-7967.

Film makers and photographers; don't forget that the Four Seasons Independent Film Festival will be taking place on Friday, June 1 and Saturday, June 2. Be working on your submissions for the Film Festival now with all the fantastic spring photo opportunities! The completed submission can be up to 4 minutes. We're all looking forward to seeing your artistic talents! Happy spring and see you around the Lodge!

Gardening Club

In March Carrie Ann from Rolling Hills Herbs and Annuals Nursery added to our discussions on gardening in Beaumont. Rolling Hills is a home-grown nursery with outlets in Redlands at the Olive Street Market and at the Cherry Valley Nursery. Their web site is <http://rollinghillsherbs.com/about/>. Carrie Ann said that at their nursery, *"our mission is to naturally grow the finest in heirloom and open pollinated herb & vegetable plants, inspiring people to grow, savor and preserve more of their own food in whatever space they have."*

Wikipedia defines this approach to home gardening as a revision to our roots. "Before the industrialization of agriculture, a much wider variety of plant foods were grown for human consumption. In modern agriculture in the industrialized world, most food crops are now grown in large, monocultural plots. In order to maximize consistency, few varieties of each type of crop are grown. These varieties are often selected for their productivity, their ability to withstand mechanical picking and cross-country shipping, and their tolerance to drought, frost, or pesticides. Heirloom gardening is a reaction against this trend." She stated that as a rule of thumb seeds that are direct descendants for fifty plus years qualify as heirloom. This naturally qualified all our members as heirlooms. She further observed that watermelons with "seeds for spitting" have disappeared from the marketplace

Chefs Corner
By Randy Balt

Pineapple Upside Down Cake

I've always enjoyed Pineapple Upside Down Cake and have wanted to make one for a while now. This simple recipe from Duncan Hines produces a fruity and moist cake as good as grandma used to make. Please realize this is not a Weight Watchers recipe and I don't care. I like it and am going to eat it again.

Prep Time: 10 min.
Total Time: 1 hr. 15 min.
Servings: 8

Ingredients

Topping

1/2 cup (1 stick) butter or margarine
1 cup firmly packed brown sugar
1 (20 oz.) can pineapple slices
Maraschino cherries

Cake

1 pkg. Duncan Hines® Moist Deluxe® Pineapple Supreme Cake Mix
1 (3.4 oz.) pkg. vanilla instant pudding and pie filling
4 large eggs
1 cup water
1/2 cup vegetable oil

Directions

Preheat oven to 350°F.

For the caramel topping, you start by greasing the sides of an 12-inch cast-iron skillet or skillet with oven-proof handle. Combine brown sugar and butter, and melt in the skillet until sugar dissolves and the mixture is bubbly; this should take several minutes. (After sugar melts, don't stir.) Remove from heat. Arrange pineapple slices and Maraschino cherries in a single layer on top of the caramel mixture. Set aside.

For the cake, combine cake mix, pudding mix, eggs, water and oil in large mixing bowl. Beat at medium speed with electric mixer for 2 minutes. Pour batter evenly over fruit in skillet.

Bake at 350°F for 1 hour or until toothpick inserted in center comes out clean. Invert onto serving plate.

during this timeframe.

Our next meeting on 4 April at 0900 will focus on internal discussions on the desires of the membership for topics, goals and
