# Accelerated Schedule For Rec Center 3 Construction

*By Leighton McLaughlin*

Plans for improvements to the Lodge grounds have been delayed by the earlier-than-expected construction of Rec Center 3.

HOA General Manager Jeri Mupo said the center was thought “to be several years in the future — but not so.” Builder K. Hovnanian Homes is preparing its plans for the center now and expects to present them for city of Beaumont approval “in the next few months,” she said.

In order to avoid expensive duplication, the HOA Board had decided to wait until the Rec Center 3 plans are known before continuing with improvements. Duplication is a real possibility, said Mupo, because both the builder and the Board are working from two very similar resident “wish lists” for features they would like to see installed.

The Lodge list was created from suggestions made over the years to the Board, the Landscape Committee and the Safety and Facilities Committee.

It asked for such things as a putting green, larger bocce ball courts (to make them regulation size), an extra tennis court, an extra pickleball court, an upgraded amphitheater, extra shade canopies and the like.

That list was given to a landscape design consultant who came up with a plan that incorporated all the requests. That plan was presented at a Town Hall meeting in the Lodge to get resident reaction.

Before further steps could be taken, K. Hovnanian announced its accelerated schedule for Rec Center 3, on Four Seasons Circle at Breckenridge Avenue. At that point the Board decided to put its planning on hold.

The builder posted its tentative plans in the Lodge Lobby and on the Four Seasons website, then asked the HOA to get resident reaction. That was done through a questionnaire on the website

*Above: One of the many statues on the grounds of the Lodge. Improvements for Lodge grounds delayed as Rec Center 3 is built.*

and in the Lobby.

Replies were received from 124 residents. They asked for a number of features that were on the Lodge list and others specific to Rec Center 3: a larger swimming pool than planned, a putting green, a dog park, a multipurpose room for a number of activities including ping pong, a second billiards room, a second movie theater, and a large workout room.

K. Hovnanian has the list and is studying what it can do within the space limitations of the building site and cost considerations.

Mupo emphasized that the Lodge plans were tentative in the first place, contingent on resident reaction, costs, and a consideration of what features would be replaced by the new ones.

Also, there are a number of construction considerations: how to get the proper equipment onto the Lodge grounds without tearing down existing structures, what disruption of normal activity would be caused, how much disruption could be tolerated and for how long?

But all of that is in the future, waiting for the development of Rec Center 3, she said.

# Watching Our Four Seasons

*By Leighton McLaughlin*

*“Everybody talks about the weather but nobody does anything about it.” ~ Charles Dudley Warner*

Well, Four Seasons resident Dale Beckes does do something about the weather.

He records it and transmits it to the Four Seasons website. The temperature, humidity, rainfall, barometric pressure, wind directions, wind speed and dew point are all noted.

He has a miniature weather station in his back yard that sends new data every five minutes. If you want up-to-the-minute, local weather conditions, log onto the home page and there it is.

Beckes’ station is surprisingly small for such a powerful device — about the size of a dinner plate. It is certified by the National Oceanic and Atmospheric Administration - the outfit that runs the U.S. Weather Service and the National Hurricane Center. He also sends real-time data to the Weather Underground, a private company that collects information from more than 100,000 stations like his and analyzes it to provide forecasts for a variety of clients.

(This Weather Underground is not to be confused with the now defunct radical group of the same name that arose during the Viet Nam War and advocated overthrow of the federal government. Both were founded at the University of Michigan, but the new group is a lot different; it forecasts weather and doesn’t throw bombs.)

Beckes is well qualified for his role as a weatherman. “I was always fascinated by the weather as a kid,” he said. “I was known to run from the dinner table to watch the weather — snowstorms and thunderstorms.” He has a bachelor’s degree in meteorology from Lyndon State College in Vermont and a wealth of experience in high tech.

His first job after college was as a meteorologist for a company in Palo Alto called OceanRoutes. The company routed sea-going ships to avoid bad weather, shorten their time at sea and reduce costs.

But there was a problem. “The captains of these ships were old salts. They didn’t need some kid in Palo Alto telling them how to get to Tokyo,” said Beckes. “So they went their own way, sometimes hitting heavy weather that washed containers overboard or delayed their arrival, or both. In 1980’s dollars, each day at sea cost the shipping company \$25,000 — so they would sue the captains. It happened all the time,” he said. One of his jobs was to “postcast,” he said — figure out what weather the ship would have encountered if the OceanRoutes course had been followed. His “postcasts” were used as evidence in the lawsuits against the captains.

He soon discovered, however, that meteorologists weren’t paid as well as comparably qualified scientists in other fields. “It was because of all the retired military meteorologists. They already had a good income from their military pensions, so they didn’t need much money to live well,” he said.

He jumped at the chance in 1982 when he was offered a job with Atari, the video game and consumer electronics company.

*continued on the next page*

continued from the previous page

"The personal computer had just been invented," he said, and he saw this as a chance to "work into something" in a new and expanding industry.

His first job was to test Atari games. "They wanted someone who knew almost nothing about computers, because that was what their users were like. I would make the same mistakes they would and Atari would learn from that. I was paid to play games," he said.

He learned a lot about computers over his business life, moving on from Atari. Because the computer industry was growing explosively, companies aggressively recruited and offered high salaries to the few who had the needed knowledge.

"I took advantage of that," he said, and went on to work in testing departments, customer service and management at several companies in the U.S. and

*Dale Beckes in his back yard with his weather station behind him*

overseas, including Litton Industries and IBM, where he retired as a vice president and general manager of a division.

One job offer he might have considered more carefully, he said, was from "a couple of guys with a weather station in Atlanta. They wanted a TV channel devoted exclusively to the weather. I thought, 'that's going nowhere,' and turned them down." The Atlanta venture went somewhere; it turned out to be The Weather Channel.

He said the Weather Underground keeps a record of his station's data that can be read at [www.wunderground.com/KCABEAUM7](http://www.wunderground.com/KCABEAUM7). The record goes back to when Beckes started recording in December, 2010.

If you are curious about how much rain fell during the uncommon summer storms in July or the high temperature last Memorial Day, it's there, along with anything else you might want to know about the weather.

Now, that's worth talking about.

# DID YOU KNOW?

By Bobbie Eckel

**DID YOU KNOW THAT SEPT. 3 IS SKYSCRAPER DAY?** The day is set aside to appreciate and admire the engineering and architectural marvels of our world. As space becomes more of a problem in urban areas, it is logical to build up instead of out. Fortunately technical capabilities have improved sufficiently to allow this. Although there is some technical disagreement about whether to include the height of flagpoles and antennas which top most tall buildings, there is no question that the world's tallest skyscraper is the Burj Khalifa in Dubai. It has 163 floors and measures 2,717 feet tall. The next tallest is the Shanghai Tower in Shanghai, China, which is only 2,073 feet tall and contains 121 floors. The third tallest is the Makkah Royal Clock Tower Hotel in Mecca, Saudi Arabia, which contains only 120 floors and is 1,971 feet tall. In a decreasing list of 24 tall buildings, our own Empire State Building, built in 1931, is the 24th. It has 102 floors and stands proudly at 1,250 feet tall. Why use the third of September as the special day? The answer is that Louis H. Sullivan who is credited with the first skyscrapers was born on Sept. 3 in 1856.

**DID YOU KNOW THAT NEWSPAPER CARRIER DAY IS CELEBRATED ON SEPT. 4?** This is a day to commemorate all of the present and past newspaper carriers. The first newspaper carrier was hired on Sept. 10, 1833. His name was Barney Flaherty and he was 10 years old. Benjamin Day, who published *The New York Sun*, hired Barney to sell papers for his penny press. The job requirement was that Barney had to demonstrate that he could throw a newspaper into the bushes. Most carriers today are adults who are willing to work for low wages and can throw a newspaper into a yard from their cars, even if they have to get out occasionally and move it out of the shrubs. (There are days when looking for your morning paper is like going on an Easter egg hunt but once the carrier gets the community "plan" understood, delivery is more regular.) There is also an International Newspaper Carrier Day which is established by the Newspaper Association of America and is celebrated in October.

You will enjoy life  
in Four Seasons.

**DID YOU KNOW THAT SEPT. 13 IS FORTUNE COOKIE DAY?** No, the research shows that the Fortune Cookie did not originate in China; it was actually created in California. The little slip of paper inside the cookie which supposedly brings you good luck or a philosophical thought was either invented by Makoto Hagiwara at the Japanese Tea Garden in San Francisco in 1914 or created by David Jung, founder of the Hong Kong Noodle Company in Los Angeles in the 1920s. Either way, I hope your fortune is a good one.

**DID YOU KNOW THAT SEPT. 8 IS PARDON DAY?** It was established on Sept. 8, 1974, when President Gerald Ford issued a Presidential Proclamation pardoning President Richard Nixon of any wrong doing in the Watergate scandal. The day is also a day to remember the courtesies of saying "pardon me" or "excuse me" in our social lives when it is appropriate. (Make your parents proud for using the etiquette they taught you!) We also have a Global Forgiveness Day on Aug. 27 and an International Forgiveness Day, celebrated the first Sunday of August. The Global Forgiveness day began in 1994 and was created by the Christian Embassy of Christ's Ambassadors, originating in Vancouver, British Columbia. The International Day was created by Robert W. Plath from Mill Valley, California. Holiday Insights, the website which talks about special days, notes that "there's enough trouble and strife in the world. Two forgiveness days can only make things better." Let's do our part, too!

# THE Cutting Edge

SALON & BODY EMPORIUM

## **YOUR TRUE COLORS: FIND THE PERFECT COLOR FOR YOUR SKIN TONE**

All of our Colorists at The Cutting Edge salon, have years of both color training and experience. Their expertise will help you decide on a beautiful hair color that is right for your skin tone and personality. Your skin tone contains underlying pigments. If you were born with black or brown hair, you will likely have warmer, earthy undertones in your skin like orange, brown, and gold or orange-based red. If you were born with blonde hair, you probably have cooler skin undertones like blue, green, pink, or blue-based red. Women with warmer undertones in their skin will look better with a warmer hair color, like golden blondes or honey browns. People with cooler undertones in their

skin will look better with cooler hair colors, like ash blonde, black or auburn brown. Women with a lot of pink in their skin, you should avoid having warmth in your hair color. It will make you look flushed. You should opt for cool tones like sandy blondes, and coffee browns. Generally the makeup you are wearing should already tell you if you are a warm- or cool-toned person. If you are unsure, look at a vein under your arm under natural light. If it appears green, then you have warm tones, if it is blue then you have cool-toned skin. Our trained colorist will study the overall skin tone, color of your eyes and age, for a perfect color match. "The skin tone tells you what tone the hair should be." You can trust our Colorist to lead you in the right color direction.

# Trout Almondine

*This simple recipe provides a wonderful lemony almond taste that enhances the delicate flavor of the trout, rather than overpower it. It's easy to prepare and goes together quickly.*

Meal Type: Main meal • Prep Time: 15 min  
Cook Time: 10 min. • Total Time: 25 min.  
Serves: 2-3

## INGREDIENTS

3-4 trout fillets  
Salt and pepper  
6 Tbsp. flour  
1 Tbsp. olive oil  
3 Tbsp. butter, divided  
6 Tbsp. sliced almonds  
1 Tbsp. chopped parsley  
1 Tbsp. fresh lemon juice  
4 fresh lemon wedges

## DIRECTIONS

1. Place the trout fillets on a plate and season on both sides with salt and pepper; set aside.
2. Heat a large fry pan over medium-low heat. Add the almonds and toast, stirring frequently, until they turn light tan, 3 to 5 minutes. Transfer to a plate.
3. Return the pan to medium-low heat. Spread the flour on a large plate and dip the fillets in the flour, coating both sides well and shaking off any excess.
4. Add the olive oil to the pan and increase the heat to medium. Add the trout fillets, skin side up, and cook until browned, about 4 minutes. Turn the fillets over and cook until they flake easily near the tail ends, about 2 minutes more. Transfer the fillets, skin side down, to individual plates and keep warm.
5. Return pan to medium heat and add 1 Tbsp. butter. When the butter has melted, add the lemon juice and parsley. Stir in the almonds and season the sauce with salt and pepper. Spoon the sauce over the fillets and serve immediately with additional lemon wedges.

# Lap Swimming Etiquette

By Randy Balt

Just as roads are safer and more efficient when everyone observes a few common courtesies and basic rules, so too is a swimming pool during lap swimming. Lap swimming etiquette is a set of informal rules of conduct that ensure a smooth swimming experience when several swimmers are sharing a pool or swimming lanes.

Our outdoor pool has four lanes and the indoor pool has three. The black strip on the bottom of the pool represents the center of each lane.

If you are swimming alone in a lane, stay on top of the black line, which is the middle of your lane. If there are two swimmers the lane is split into halves and each swimmer swims in one half of the lane, on separate sides of the black line.

Always use an empty lane if available. Middle lanes are for faster swimmers. Outside lanes for slower swimmers or walkers. Walkers should stay in the extreme outside lanes, for their safety and the safety of others.

When entering the pool, enter on the side closest to your lane to minimize crossing lanes in use.

When crossing a lane in use, cross behind the swimmer, not in front. Some swimmers make high-speed turns, so be attentive.

When joining a lane in use, slowly enter the water and wait

on the side until the other swimmer notices that you will be joining.

Do not impede lap swimmers by walking or swimming across a lane. Do not lap swim perpendicular to the swimming lanes when they are in use.

Use your own gear. Don't "borrow" a piece of swimming equipment that you haven't brought yourself and seems abandoned. It may well be needed by one of your fellow swimmers very soon.

If you are using fins, try not to frog kick. If you are not in the center of your lane the fin tip could strike a neighboring swimmer.

When needing a rest, the walls at the end of the pool are great for a quick break. Stay as far to the side of the lane as possible. If more rest time is required, move to the side walls or exit the pool, keeping the lanes clear for other swimmers.

Minimize talking. Smile and be friendly, but don't be too chatty. Remember, serious swimmers don't want to be bothered with questions while in the middle of a workout.

As we all wish to respect our fellow swimmers, being aware of these lap swimming etiquette rules will help to create a safe and enjoyable experience for all.

# Neighborly Notes

By Bobbie Eckel

A reminder about the water restrictions for the Beaumont-Cherry Valley Water District: lawn watering is restricted to Monday, Wednesday and Friday for addresses ending in odd numbers and Sunday, Tuesday and Thursday for addresses ending in even numbers. This will remain in effect through October. Starting in November, we will be limited to two days a week.

This does not apply to drip irrigation.

Roxie Elliott from the African American Culture Club has generously offered to host a "boot camp" to discuss important information regarding Trusts, Directives, Last Will and Testaments on Monday, Sept. 14 at 6 pm in the Lodge Card Room. The boot camp is open to all residents. There will be time after the presentation for questions and answers. If you are interested in attending, please call Roxie at (951) 769-2517 so that she can prepare sufficient handouts.

Beaumont Pass Transit has announced two enhancements to service in the Pass area. A Saturday service has been added

which goes to the Loma Linda VA Hospital. The route has also added a stop near Calimesa Boulevard and County Line Road in the city of Calimesa. The new Beaumont Route Two offers daily service to Beaumont, Banning, Casino Morongo and Desert Hills Premium Outlets. For a full list of current routes, maps and pricing, you are invited to go to the website [www.BeaumontCares.com](http://www.BeaumontCares.com).

Please remember to use your directional signals as you drive. This not only helps other drivers know your intentions, but it also lets pedestrians know which way you are going.

Although it is marked in the event calendar, remember that Waste Management considers Labor Day a holiday. Trash pick-up will be delayed by one day. Put your bins out on Tuesday, Sept. 8, after 5 pm, for pick-up on Wednesday, Sept. 9.

Comments from the punographer: (1) "I didn't like my beard at first. Then it grew on me." (2) "What do you call a dinosaur with an extensive vocabulary? A thesaurus." And (3) "Why were the Indians here first? They had reservations."

# Activities Director Corner

By Cindy Graves, Activities Director

For those who couldn't make the Divas Divine Show put on by the Social Committee, it was a real treat for those of us who love musical theater of all types. Joanne La Pointe and Debbie Wheeler did not disappoint with their well-trained voices, their bubbly personalities and the beautiful renditions of so many of our favorite musical theater and classical tunes. My favorite song they sang was the "Flower Duet," which was spot on with their gorgeous harmonies and then as an interesting arrangement was immediately followed by "Boogie Woogie Bugle Boy." The whole show was such a good variety of skill, humor and surprise. Good job Social Committee and especially Toni Finer who was the Event Chair for this event. The desserts were delicious and were the perfect frosting on a delightfully sweet evening.

Next in September will be the big Holiday Harvest Craft Fair. This is always a lot of fun, with tons of participation including shoppers from outside the gates getting in on all of the unique gift items at great prices. This year the Craft Fair will be on Saturday, Sept. 18 from 9 am to 2 pm in the Lodge Ballroom. All guests are welcome and there is no entrance fee to shop. Prizes will be given away throughout the day, so that will really make it fun.

Next will be our Amphitheater Grand Finale on Sunday, Sept. 20 at 7 pm with the music of Barry McGuire. This promises to bring back a lot of memories from the 1960s and 1970s. Special

"door-less" prizes will be given out to celebrate this event as well. What a great season of music we've had this season. Good job Amphitheater Production Group!

How about a nice fall clean up for the ol' garage and closets? Start thinking about it because our last HOA Garage Sale of the year is on Saturday, Oct. 3 from 8 am to 2 pm. This garage sale will only be at individual's homes and perhaps in one section of the Lodge Ballroom if there are items that the Association would like to make available to residents for purchase (check with us later as the time gets nearer). Sign ups will start on Sept. 15 at the Lodge desk. The price for participation is \$7 and includes both your city garage sale permit and outside advertising.

To complete the summer festivities we have an evening of "Magic in the Movie Theater" on Saturday, Sept. 26. This is a great show to bring your friends to, including your small grandkid-like friends. This is at no cost to you, however a "donation location" will be set up for those of you who would like to help with the volunteer magicians' gasoline expenses to get here. Please look for the two confirmed show times at the Lodge and sign up for the show you would prefer to attend starting Monday, Sept. 21.

It's been a great summer and I look forward to spending the holidays with you. See you around the Lodge!

## LANDSCAPE COMMITTEE

Initial summer irrigation results are encouraging. Our consumption is down 22 percent over 2013 (the base year) and 37 percent over 2014. It certainly was helped by Mother Nature's gift in July, 2.38" of rain. In fact, this is the first recordable July rainfall in Four Seasons' existence. But the drought restrictions are also playing a major role in the reduction. We do have brown spots in our turf, usually in high places where the ground is not level where sprinkler heads have become clogged or misdirected. Because we are unable to "water in" fertilizers and treatments for insects and diseases, our lawns may suffer somewhat as the hot seasons continues.

We now have two traffic circles where the turf has been replaced by small plants and sprinklers converted to drip irrigation. Additionally, the median strip from the front gate to Four Seasons Circle has been converted to drip. More efficient sprinkler heads are installed in the large turf area at the west end of Quiet Creek. Two more conversions were in the Board

packet for August: the narrow turf strip on Dewey Creek between Brush Creek and Kettle Creek and the large turf area between Lewis Creek and Four Seasons Circle on the south side of the sidewalk. Some areas in front of the Lodge are being studied for conversion as well.

September marks the beginning of the Santa Ana winds that accelerate through the Pass area. They can gust up to 40 m.p.h. here at Four Seasons. We start tree trimming this month for the trees like the Rubinius along Four Seasons Circle that have heavy foliage and are prone to breaking. Homeowners with similar "lollipop top" trees should also take trimming precautions.

There are openings for new members on the Landscape Committee; we need help to meet these challenges and opportunities. Applications are available at the Lodge desk. ~

**Len Tavernetti**

## RULES & REGULATIONS COMMITTEE

Due to a lack of interest among residents, the Rules and Regulations Committee has decided against pursuing changes to the District Delegate system of electing HOA Board members.

An article in the July *Breeze* asked residents to send in their thoughts on the matter. Only two responses were received.

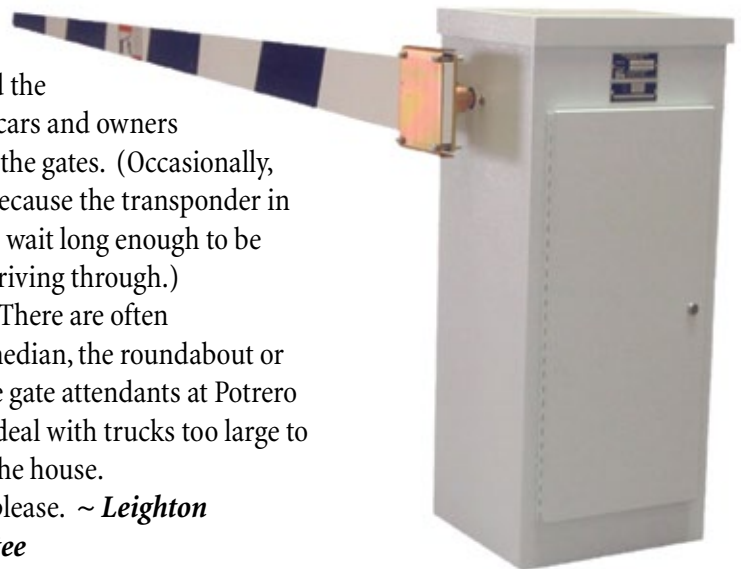

Changes to the CC&Rs are lengthy, complex and expensive, and the committee felt the effort to change the rules would likely be unproductive unless there was strong community support. Clearly there is not.

**GATE ENTRY REMINDER:** Wait for the gate to close behind the car ahead of you before going through the Potrero or Crooked Creek gates — do not tailgate.

The gate arms come down quickly and can damage your car or break off and have to be replaced — or both. Security cameras record the license numbers of offending cars and owners will be charged for damage to the gates. (Occasionally, the gate will not come down because the transponder in following car keeps it open — wait long enough to be SURE that is the case before driving through.)

Go slow through the gates. There are often maintenance workers in the median, the roundabout or near the gate houses. Also, the gate attendants at Potrero have to step out frequently to deal with trucks too large to use the covered drive next to the house.

Be courteous, be cautious, please. ~ **Leighton McLaughlin, for the committee**

# EMERGENCY PREPAREDNESS COMMITTEE

## PREPARING FOR WILDFIRE

Earthquakes are not the only disaster we need to be prepared for living here in Four Seasons, wind, flood, severe cold weather and wildfires are also concerns. Of these hazards, wildfires have affected Four Seasons frequently, we have had several fires near our community in the last few years. As our community builds and becomes larger, we become more vulnerable to the wild land around us. Here are some steps you can take to lower the risk of injury or damage.

### BEFORE A WILDFIRE

- Know your risk. Learn how often wildfires occur in your area. Know when there is the greatest risk and take safety precautions.
- Evaluate your surroundings and landscape accordingly.
- Take pictures of the interior of your house, open all closets and cabinets and take a picture of the contents, store the pictures in a safety deposit box or with a family member.
- Clear dead plants away from your house. A 50 foot clearance is recommended.
- Make sure you test your smoke alarms periodically to ensure they are working properly. Replace the batteries yearly.
- The emergency kit you have for earthquakes will be sufficient for wildfire as well.
- Decide in advance what you will take with you. Keep personal belongings to a minimum.
- Create an emergency plan. Choose a meeting place away

from your home for family members to gather in case you are not together when a fire happens. Designate a neighbor to evacuate your pets in case you are not able to get home during a fire.

### IF A WILDFIRE IS APPROACHING

- Prepare to evacuate. Listen to emergency channels and know the status of the fire. Load necessary items in your car so you can evacuate quickly and immediately if instructed to evacuate.
- If you are home and instructed to evacuate, gather family members and pets and leave immediately. Life is more important than belongings.

### AFTER A WILDFIRE

- Return only after it is safe. Do not go back to your house until officials declare it safe to do so.
- Watch out for ash pits and hot spots. Even after a fire has been extinguished, small fires can flare up without warning. Check your house and surrounding property for hot spots and extinguish them immediately.
- Document the damage to your house. Take photos and video and make a written list. You will need this documentation for insurance purposes.

Being prepared for the worst and never using your emergency supplies or your plan is a good thing. It's better to never use your plan or supplies than to say, "I wish I had been prepared." If you don't have an emergency kit, come to an EPP meeting and ask for assistance. ~ **John McLaughlin**

# FINANCE COMMITTEE

At our last meeting, the Financial Statements for June 2015 were reviewed and reflected the following significant items: Net Income year-to-date was a loss of \$27,538 and total reserves were \$4,884,374. The Accounts Receivable (delinquencies) were \$53,627. Our total HOA expenses for June (excluding reserve allocations) were

\$217,583. This was under budget by \$70,318. The Front Yard Cost Center expenses for June were under the monthly budget by \$13,734. The Springdale Cost Center expenses for June were under the monthly budget by \$1,593. There were no CD renewals to be reviewed. There were five vendor proposals presented and recommendations forwarded to our Board. A report on the accounts receivable was given by Wayne Staples indicating that a large payoff of \$10,500 was received during the month and that an additional \$12,000 account may have

gone to foreclosure. A former owner account in the amount of \$3,000 will be written off due to no funds available in the estate of the deceased. Len Tavernetti gave a presentation on budget impacts from the drought as they concern the 2016 budget. Len indicated that drought mitigation efforts have resulted in the identification of several candidates for turf removal, drip watering installations and equipment changes. Len also noted that the cost of water is down 20 percent so far this year as a result of watering cutbacks. In answer to a question regarding his expectation of any extraordinary expenses that might be incurred with impact on next years budget, he stated that the piping is getting old and frequent changes in water pressure have resulted in damage to the system; as a result, irrigation repair costs could increase as much as five percent from last year. A working draft has been drawn up for the 2016 budgets for the Springdale and Front Yard Cost Centers but we are waiting on a couple of items to complete the draft. These are expected in a couple of weeks. Sept. 29 at 6 pm is set for this year's Town Hall Budget Meeting in the Lodge Ballroom.

Our next regularly scheduled meeting is Sept. 29 at 1 pm in the Lodge Conference Room. ~ *Noel Myers*

## SOCIAL COMMITTEE

Kudos to Toni Finer on the Diva Divine show on Aug. 8. From all accounts it was very well received. Even though there were a couple of technical issues, most of the show went off without a hitch. It is wonderful that we have such talent here at Four Seasons. At least half of the team lives here. We hope to do similar shows here in the future.

Our next event will be for Halloween which will take place on, what else, Oct. 31. There will be more information in next month's *Breeze* so keep an eye out for it. One thing I do want to tell you about is Thriller. Do you want to be a part of the Halloween dance production? If so please sign up today. No partner is necessary. *Helichrysum Bracteatum* bloom in many distinctive colors and make beautiful decorative accents.

## BEAUMONT BLOOMS

In the waning days of summer with the showy garden prima donnas looking sad, it is finally time to pluck the ordinary straw or corn flowers. They are Australian composite plants, *Helichrysum Bracteatum*, with heads of chaffy yellow, orange, red or white blossoms. Strawflowers need moist but well drained soil. They should be grown in full sun or partial shade and fed monthly with a low phosphorous fertilizer. Strawflowers are great for cut or dried flowers (pinch off the side shoots to encourage larger blooms). For dried flower arrangements, strawflowers should be cut just as they begin to open, then dried head down, hanging by the stem in a dry, shaded area for a couple of weeks.

*Xerochrysum Bracteatum*, commonly known as the golden everlasting or strawflower, is a flowering plant in the family

Asteraceae native to Australia. Described in 1803, it was known as *Helichrysum Bracteatum* for many years before being transferred to a new genus *Xerochrysum* in 1990. It grows as a woody or herbaceous perennial or annual shrub up to three feet tall, with green or grey leafy foliage with golden yellow or white flower heads produced from spring to autumn. Their distinctive feature is the papery bracts that resemble petals. The species is widespread, growing in a variety of habitats across the country, from rain forest margins to deserts and subalpine areas. The golden everlasting serves as food for various larvae of butterflies and moths, and adult butterflies, hoverflies, native bees, small beetles, and grasshoppers visit the flower heads. ~ **Len Tavernetti**

## NEIGHBORHOOD WATCH

The annual Four Seasons Neighborhood Watch celebration of National Night Out is scheduled for Wednesday, Sept. 9 at 5:30 pm in the Lodge Ballroom. All residents are invited to attend this potluck with their neighbors. Sign up sheets are located in the Lodge Lobby. Our speakers will provide updates from local law enforcement and civic leaders. Information: Susan Wilson.

August was a very busy and informative month for our Neighborhood Watch-Community Awareness Speaker Series. Since February, our speakers have covered local and community issues including Four Seasons planning and growth, water, the No-Way Gateway project, the San Geronio Hospital/ Loma Linda University Medical affiliation, and our California Senator Mike Morrell with state and local issues. These meetings have been very well attended and all residents are invited to these sessions.

Our Neighborhood Watch block captains gathering on Aug. 29 brought together veteran block captains with the new

neighborhood block captains. Duties of block captains are to contact current and new residents on their streets and record emergency data for those residents. Attending general meetings helps block captains share information and observations with these residents. Neighborhood get-togethers also serve to acquaint neighbors with each other.

We need every resident to help make Four Seasons a safe and happy place to live. Support your block captain or reach out to serve as one!

Contact Anita Worthen at (951) 595-5396.

If you wish to co-sponsor a New Arrival Neighborhood Coffee for your neighbors to get to know each other and learn more about Neighborhood Watch, contact Judy Irving (951) 922-2525.

See you at the National Night Out potluck on Wednesday, Sept. 9 at 5:30 pm in the Lodge.

Remember: If you see something, say something! ~ **Judy Irving**

# INTEREST GROUPS

## FOLK DANCING *Interest Group*

## LAWN BOWLING *Interest Group*

We are looking for anyone interested in the game of Lawn Bowling. It is a very old game that is played in several neighboring communities and the world over. In fact, Lawn Bowls can be traced to the 13th century and is played in over 40 countries today.

The object of the game is to get bowls closer to the jack (which is a small white ball) than your opposing team. Your team receives one point for each bowl that is closer. It is a fun game that offers equal opportunity to each player. The bowls are biased so they'll roll in a curve.

A typical team is three players. But there can be teams of two to four players. The team includes a lead, a vice skip and a skip. The lead rolls the jack into position and then bowls first. He/She tries to get his bowls close to the jack. The opposing team lead alternates bowls until they each bowl three times. Others in the team can try to get closer to the jack or put in blockers to obstruct the opposition and protect the lead.

Usually the skip is a more experienced player and may roll his bowl to disrupt the group of bowls around the jack or roll to gently push out the shot bowl and leave his nearest the jack. It is an interesting game (how does that bowl know when to curve?) and you are able to develop skills at your own pace.

There is a sign up interest sheet at the Lodge. ~ **Bev Webster**

## MEDICAL TRANSPORTATION ASSISTANCE *Interest Group*

We have begun attending meetings of Transportation NOW (T-NOW), a group sponsored by the Riverside Transit Agency and dedicated to improving mass transit in the county.

T-NOW has six local chapters. The one concerned with Beaumont is the San Geronio Pass Area Chapter.

Chapter Chairman James Foster has formed a committee to examine the transit needs of seniors and veterans. It is headed by Beaumont Mayor Brenda Knight who has already expressed interest in our proposal for a subsidized "Dial-a-Cab" service for seniors.

She said it "could be a great asset to our senior communities."

Our group hopes to see the establishment of a service that will provide 24-hour, one-stop, low-cost transportation to medical facilities for seniors who are unable to drive themselves. T-NOW appears to be one good avenue to achieve that goal and it reaches from Beaumont to several surrounding communities.

Chairman Foster has suggested a min-bus service equipped for persons with disabilities could be examined as an addition to a cab service or a substitute for it.

The T-NOW chapters are made up of a mixture of private citizens and government officials, "from elected official to community activists to everyday transit users," says the T-NOW website. They examine transportation issues and "advocate ... support of public transportation ... lobby for funding ... raise awareness of the benefits ... of environmentally sound, safe and energy-efficient transportation; and encourage the use of public transportation in Western Riverside County," according to the organization's mission statement.

Those interested in joining our group or helping in any other way should call (909) 549-8487. ~ **Brenda and Richard Teeman**

## BASKETBALL

*Interest Group*

Do you like basketball? Would you like to play with a group or with friends? We would like to have you. No experience is necessary. Just a desire to play, get exercise, and have fun. We at Four Seasons are fortunate to have a great court to play on.

I would like to organize a group of men and women, young, old, or in the middle who would like to have fun playing basketball.

If you have any questions, call Richard Hoffman at (310) 869-8069, or inquire at the Lodge. ~ **Richard Hoffman**

## BALLROOM & SOCIAL DANCE

Our Summer Fun Dinner Dance was a smashing success. We had great food and music, and a wide variety of dancing throughout the evening. Thanks everyone for your support and participation.

We are now preparing for our Annual Christmas Dinner Dance, to be held on Friday, Dec. 11. Put this on your calendar now and plan to be with us.

After a few weeks off for summer break, our regular Monday evening dance lessons will start for the fall season on Sept. 14. Be there at 6 pm for introduction to dance, 6:30 pm for basic dance instructions, and from 7 to 8 pm for more advanced instructions.

## LINE DANCING

Our first free sock hop was a success. Everyone seemed to have a great time. The dances varied from country, popular and ballroom to rock and roll. The atmosphere was simply informal and fun. Most of the food was ordered from Smitty's, and the ribs were outstanding! We will see if we can find another date in about three months.

Dancing is physical exercise, but it also challenges your mind. Learning new steps or dances requires concentration and for some is really hard work. The good thing about line dancing is that once you know the basic steps, you find they are in many of the new dances, making it easier to learn the next dance. In our beginning class, time is taken to explain each step. If you have been thinking about joining, come watch to see how I teach and if it might be a good match for you. Join us! Class is every Tuesday in the Ballroom. Beginners, 3 to 3:45 pm and advanced, 3:45 to 4:30 pm. ~ **Martha Franck**

## HEART & SOUL LINE DANCE

Do you enjoy dancing? Heart and Soul Line Dancing is in Da House! Why not join us Wednesday for an afternoon of fun. Dancing is a great way to burn calories while giving your heart, body, and soul a workout. You won't even feel like you're exercising.

Dance schedule: Beginners from 4 to 5:20 pm; Intermediate, 5:20 to 6 pm. No partner necessary, just wear comfortable shoes (no flip-flops) and bring water. Info., Priscilla, (951) 922-0755. See you on the dance floor! ~ **Priscilla Robles**

*Work by the  
Artist of the  
Month  
Thomas Herron*

## CREATIVE DRAWING & SKETCHING CLASS

The artist's perspective, by Tomas Herron: *I came to the Drawing & Sketching class with over 50 years of self-taught drawing experience behind me. You might think if someone had been drawing that long they would not have a need for such a class. Well, within a couple of weeks of guidance from Rob Kelman, I began to see aspects of my work which definitely could be improved upon, and I discovered techniques that helped me bring my subjects to life.*

*My drawings are still predominantly centered on nature, mainly wild life, birds and big cats in particular. However, recently Rob encouraged me to venture into a wider field of subjects such as the one chosen as this month's "Artist of the Month." My love for the old west found me searching for photographs of broken trail wagons and abandoned western cabins and I eventually came across a scene of a cowboy mounted in full western regalia. I chose to concentrate only on the area shown, leaving out the*

*upper body of the cowboy and most of the horse. I felt this was a more interesting subject.*

*If you were able to visit the Art-O-Rama event during June, you would have seen a selection of work drawn by myself and my fellow students, some of whom have had very little exposure to drawing. However, the work we all produced had great merit and were submitted by the individual students. No piece was specifically selected in order to display perfection. What you saw was normal completed work from a group of artists who enjoy the experience of drawing and each other's collective company. The Art-O-Rama has generated interest in our class and I would suggest, regardless of your drawing abilities, if you have a passion for using a pencil, come to the Craft Room and visit us."*  
~Thomas Herron

We meet Mondays 10 am to 12 pm and Wednesday 6 to 8 pm.

## CERAMIC CORNER

Our ceramics classmates continue to turn out some impressive pieces to adorn their homes or give as gifts. We also have a wide selection of pieces that were created by our classmates to sell at the September craft fair, so please come and see if there is something you may enjoy.

During the "Art-O-Rama," we showcased a few dishes that were painted by Sue Trostle and Georgia Coleman. These pieces were created using a "finger painting" technique. The use of this technique is planned for the upcoming fall class.

Please drop by the Lodge Craft Room to see our monthly schedule and learn more about additional class projects and

technique training sessions. The date for the fall class, cost and additional details will also be available. Please sign up in advance to secure a seat for this session that will be led by Sue and Georgia.

Come and join in the fun; we meet twice a week in the Craft Room on Wednesdays, 1-4 pm, and Saturdays, 10-2 pm. Certified instructor and/or an experienced class team lead is available to support your crafting needs, participation is at your own pace and frequency. See you there. # PERFORMING ARTS CLUB

Happy September. I know I hyped the PG-55/Twisted Cabaret show for several months, but it was worth it, wasn't it? It delivered a little bit of everything but was especially big on laughs. "The Little Women" premiered and they were absolutely hysterical. We'll hopefully see them in another show, soon. It was great to see another full house, to hear the laughter & applause. A huge thank you to the talent, crew & especially John Horning, Producer, for a unique show. Well done, everyone!

Speaking of shows, the time has come to solicit ideas from you, our community. Please contact me (my info is at the bottom of this article) with the kind of entertainment you would like to see the Performing Arts Club, offer in 2016. We must have your input no later than Oct. 26. During our October monthly meeting, we're going to decide on the specific shows and dates for our 2016 calendar. If you want to be heard, this is your opportunity.

If you're interested in being part of the upcoming Radio Show on Oct. 23, now is the time to contact Tom Shelley. We're looking for actors/actresses for specific roles and crew for sound effects and other tasks. Tom chooses two old-time radio

show scripts, typically from the 1940's, lasting approximately 20 minutes each. We read directly from the scripts, just like they did on radio. No memorizing of lines. If you have any interest, please call Tom, ASAP, at (951) 849-4494. I promise you, you'll have a fun time doing this.

Also coming up on Nov. 6 and 7, PAC is sponsoring the original play, *Seasons*, written by our very talented Four Seasons resident, Eileen Gilbert. It's a delightful musical appropriate for all ages. Tickets are free and are available starting Oct. 10, until they are gone.

Wrapping up the year is our Holiday Show in December. The choir will be taking on some difficult new songs to impress you with along with your all time favorites. This year some members of the Writer's Club are lending their talents and writing essays about "Memories of Holidays Past." These stories will then be read aloud. We would love to have a story or two about Kwanzaa included. If you are interested in this, please contact Sharon Bond at [sjbond2013@gmail.com](mailto:sjbond2013@gmail.com), ASAP.

Thanks for reading! If you have questions, or want to reach me, email [terimk@verizon.net](mailto:terimk@verizon.net) or call (951) 992-9156. ~ **Teri Meyers-Kelman**

## Meet Bill Pavkov, a new resident of Four Seasons and a seasoned Realtor with Sun Lakes Realty.

Bill has been in the industry for 28 years, and a broker for 20 years, selling both new homes and resales. Since coming to Sun Lakes, just a little over 2 1/2 years ago, he has earned the trust and friendship of everyone he has represented. His evaluations consistently come back with the highest marks, and thank you notes from his clients arrive often. Even living outside the area, he regularly outperforms most of the agents he competes against. As a resident of Four Seasons, he's sure to bring a refreshingly new perspective to both buyers and sellers.

## BOOK CLUB

“Christina Baker Kline is a relentless storyteller. Once she sets her hook and starts reeling you in, struggle becomes counterproductive. The narrative line is too taut, the angler at the other end too skillful.” ~ Richard Russo

Between 1854 and 1929, so-called orphan trains ran regularly from the cities of the east coast to the farmlands of the midwest, carrying thousands of abandoned children whose fates would be determined by pure luck. Would they be adopted by a kind and loving family, or would they face a childhood and adolescence of hard labor and servitude?

As a young Irish immigrant Vivian Daly was one such child, sent by rail from New York City to an uncertain future a world away. Returning east later in life, Vivian leads a quiet, peaceful existence on the coast of Maine, the memories of her upbringing rendered a hazy blur. But in her attic, hidden in trunks, are vestiges of a turbulent past.

Seventeen-year-old Molly Ayer knows that a community-service position helping an elderly widow clean out her attic is the only thing keeping her out of juvenile hall. But as Molly helps Vivian sort through her keepsakes and possessions, she discovers that she and Vivian aren't as different as they appear. A Penobscot Indian who has spent her youth in and out of foster homes, Molly is also an outsider being raised by strangers, and she too, has unanswered questions about the past. Moving between contemporary Maine and Depression-era Minnesota, *Orphan Train* is a powerful tale of upheaval and resilience, second chances, and unexpected friendship.

Please join the book club at 9:30 am on Tuesday, Sept. 8 when we will discuss

*Orphan Train* by Christine Baker Kline. And looking ahead, October's selection is *Into Thin Air* by John Krakauer. For more information, please call Doreen Sanders at (951) 769-1913. ~ **Earlene Boyd**

## COMPUTER TECHNOLOGY

The meeting on Sept. 8, at 10:30 am in the Ballroom, will be about iPods and iPhones. It will cover a tour of the settings including quick access, features, maintenance along with iPad and iPhone tips and tricks. This Skype presentation by Jere Minich will be a show and tell meeting backed up by a multiple page handout available to the group attending.

Jere is on the Board of Advisors, Region 5 State of Florida of

the Association of Personal Computer User Groups (APCUG). He is currently a partner in a small business Basic Computing Consultants of Leesburg, Florida that specializes in individual or group PC training. He also teaches free classes in Windows 7, 8, iPad, iPhone, at the college and his community in Leesburg, Florida. ~ **Phil Jaffe**

## AMPHITHEATER

The Amphitheater Concert Series for 2015 concludes with the memorable Barry McGuire on Sunday, Sept. 20, beginning at 7 pm. He began his career as a folk singer and has performed with The Mamas and The Papas and The Christy Minstrels. He appeared in several movies in the 60s and 70s; had a number of guest star roles on TV and performed on Broadway in "Hair." But his talent was mainly focused on music and is best known for his song "Eve of Destruction."

Our community is privileged to host an evening with Barry McGuire.

As always, you are welcome to save your spot early in the day — please remember only chairs will hold your space —

no blankets or "reserved" signs will be honored.

Our weather has been a surprise this season, but one constant is that it can be quite cool when the sun goes down. So bring a wrap or jacket.

The Amphitheater Committee would like to thank the team who moves, assembles, checks and double checks the sound system; and after the concert puts all the components back into storage, just to do it all over for the next event.

Also, a thank you to Julio Gonzalez, the manager of our local Albertson's for donating gift certificates for our door (aka, "door-less") prizes. ~ **Doris SanFilipo**

This photo was taken by camera-club member Bill Christelman about a year and half ago in Funchal, Portugal and is a collage of about 25 to 30 doors, which was the theme of our July meeting.

## CAMERA CLUB

We meet the third Tuesday of each month at 6:30 pm in the Craft Room at the Lodge. Our next meeting will be Sept. 15. Visitors are always welcome. We invite all photographers, regardless of skill level, to join us for our regular meetings and field trips. Members are always eager to help and teach.

For the August meeting, the assignment was to take a picture of bright colors. Lots of great pictures of bright colors were presented by the members.

As mentioned in the last couple of *Breeze* issues, we will continue to present our monthly pictures using a projector and

screen instead of printed photographs.

Our club has introduced additional topics to our meetings with various members giving quick presentations to the members on a subject they know and/or use such as software, hardware, etc.

There are lots of great topics coming up.

We hope to see you at one of our meetings to show and share both knowledge and some of your great vacation photos.

Any questions, please call me at (951) 849-6987. ~ **Lyle Cameron**

## WRITERS' CLUB

The Four Seasons Writers Club. has been taking a summer break, but we will meet again on Tuesday, Sept. 1. Members, guests, and visitors are cordially invited to attend. At our next meeting some of our members will present what they have written over the summer. The rest of us will offer constructive comments.

Our club's goal is to help our members begin to write, continue to write, and to polish our creations. We discuss

types of writing as well as how to publish what we have written. Our types of writing include fiction, nonfiction, travel articles, poetry, memoirs, and family histories. If you want to write, or have questions about writing, please join us.

We meet on the first Tuesday of every month from 1:30 to 3 pm in the Lodge Ballroom.

## “BELIEVE...” WOMEN’S BIBLE STUDY

Continuing our “A Godly woman is...” series, in July we had several interesting discussions on the subject: “A Godly Woman is Organized.” We began with how God suggests we prioritize our lives, as well as prioritizing our day. We also discussed the nine suggested steps to becoming organized. When all of the lessons were completed, the messages were encapsulated with the following definition: Being organized is not about being perfect; it’s about customizing your world to work for you.

The next two weeks we discussed the many facets of loyalty, and how a Godly woman exhibits this attribute in loyalty to her country, her friends, her family and God. We also explored God’s loyalty to His children.

In September we will be discussing what principles constitute a confident woman, what the Bible has to say about self-confidence versus arrogance, and what part humility plays in developing confidence.

Since our roster now reflects 60 women in this amazing Bible study, we heartily encourage you to come join us and help us reach 100! This is a gifted group of women who have gathered to share thoughts, feelings and experiences as we study the Word of God. We meet every Friday from 10:30 to 11:30 am in the first section of the Ballroom. We’ll be looking for you! ~

# AMATEUR RADIO CLUB

Congratulations to Fred Weck, KK6HBQ. Fred completed and passed the test for the grade of the general license. Advancing to this license grade will make available

one more radio operator to utilize all radios in an emergency.

Many people these days think of radio as something old and out-of-date. However, let me mention a few of the things around our house that involve radio. I am sure most homes are similar to ours and maybe even have a longer list.

- Clock radio to wake me up in the morning (1)
- Two fobs for keyless entry to our car (2)
- In-car garage door opener button (1)
- Wireless keypad for garage door (1)
- Two KHOV fobs (2)
- Wireless ceiling fan control (1)
- Three wireless house phones (3)
- Microwave oven (1)
- Two cell phones (2)

- Weather radio (1)
- Portable garage radio (1)
- TV sets (radio waves on cable) (3)
- Wireless computer printer (1)
- Radio in car (1)
- Main gate decal on windshield (1)

Total: 22

In addition to these, as a ham radio operator, I also have radios relating to my hobby that I started when I was 10 years old. It has been, and continues to be, a joy to me. As an adult, I went back to school in radio and electronics and made that a second occupation. As a licensed ham radio operator I respect people's right to quiet, and do not utilize my hobby in a way that causes any interference or noise for them. It is clear that we all have radio in one form or another all around us. Remember: radio is vital for emergency communications.

Our meetings are in the Ballroom, 10 am on the last Friday of the month. ~ *Harry Henderson, AC2LZ*

## TOPS

TOPS (Taking of Pounds Sensibly) is here at Four Seasons to help you reach your weight loss goals. Losing weight is our main goal but we have a lot fun doing it. We have weekly programs with helpful information along with encouragement to keep you motivated to reach your goal.

We have just completed a motivational challenge, "Cruising to Success" with teams of three competing for four months in weight loss, attendance, tracking and exercise. The winners were rewarded at a our Cruise Party/Luncheon on Aug. 4 held at the Summit. First place went to Team #6, Cheryl Burke, Connie Johnson and Ruth Mulcany who each won a wine glass and \$25 in Smitty Bucks. Second Place went to Team #1, Pat Pendergraph, Cindy Schwinn and Karla Thomsen who each

won a wine glass and a \$5 gift card to Starbucks.

August marks our two year anniversary and with new officers being installed and another small party to celebrate this.

TOPS is very affordable. There is a yearly membership fee of \$32 and chapter dues of \$3 per month. If you would like to come and see what we are all about, we meet on Tuesdays in the Ballroom with weigh-in from 8 to 8:30 am and the meeting from 8:30 to 9:30 am. You may attend one meeting without any obligation. For more information you can contact our Chapter Leader and Four Seasons resident, Cathy Calhoun at (951) 849-2614 or Rosalee Strong, TOPS Area Captain at (951) 845-9313. ~ *Cheryl Burke*

# COUNTER CULTURE CINEMA

The Counter Culture Cinema Club has twice-monthly screenings of movies you may not find at your Cineplex: indie films, foreign films, documentaries, etc. Check us out!

Our first September screening, on Sunday, Sept. 13 at 6 pm, is the film *Deli Man* (USA 2014, 92 minutes, English). Here is a brief description from Amazon.com: "This documentary focuses on Ziggy Gruber, who co-owns a large deli in Houston and is also the grandson of the original owner of the Rialto Deli, the first Kosher deli to open on Broadway in New York City in the 1920s. The deli

is the main love in this man's life. While the film also covers other famous Jewish delis in Manhattan, Queens, Los Angeles and San Francisco and their histories, the emphasis is on the cultural aspects of the food and how the culture and the desire for this food is disappearing. There were once thousands of these delis and now there are fewer than 150 left in the entire U.S. Such luminaries as Larry King, Jerry Stiller, Fyvush Finkel, Freddie Roman and Alan Dershowitz as well as various deli owners express their love for the culture and the food."

Our second September screening, on the 27th at 6 pm, is

the film *Clouds of Sils Maria* (France 2014, 124 minutes, English). Here is a brief description from IMDB.com: "At the peak of her international career, Maria Enders is asked to perform in a revival of the play that made her famous twenty years ago. But back then she played the role of Sigrid, an alluring young girl who disarms and eventually drives her boss Helena to suicide. Now she is being asked to step into the other role, that of the older Helena. She departs with her assistant to rehearse in Sils Maria, a remote region of the Alps. A young Hollywood starlet with a penchant for scandal is to take on the role of Sigrid, and Maria finds herself on the other side of the mirror, face to face with an ambiguously charming woman who is, in essence, an unsettling reflection of herself."

All of our screenings are followed by lively discussion about the film; we'd love to have you join us. The Lodge Theatre has very limited seating, so if you're interested in our screenings, come early. We hope to see you there. Please note that all films announced are subject to availability. If you have any questions about the Counter Culture Cinema Club or want to recommend a film, please email Micki Rosen at michelesrosen@gmail.com.

## BUNCO

This month we will playing Bunco on the 11th and the 25th. If you have never played Bunco you need to come and give it a try. It is a very simple dice game that can be played with little concentration which makes it easy to play and socialize too.

It is a great way to meet some new friends. We meet in the Card Room at 1 pm sharp. So invite a friend or neighbor and join us. Don't forget to grab a drink at Smitty's or maybe even lunch beforehand. See you there. ~ **Cheryl Burke & Suzanne Roldan**

## MAH JONGG

Everybody is welcome to join us for Mah Jongg at 12:30 pm on Mondays in the 1528 Building. We accept beginners and offer coaching for those who have not played in several years. A current Mah Jongg card is required but you can borrow or copy one until you get your own. You do not have to own a Mah Jongg set to join the fun, so come on out! ~ **Barbara Boodreau**

## PINOCHLE

Pinochle is an exciting card game where you bid and bluff to name trump and take control of the game. This game is played with a double deck of special cards of ace through 10 against other aficionados, to tease your mind, and keep you sharp. Come join the game on Wednesday and Fridays from 10 am to 1 pm in the Card Room. Newbies and oldies are welcome for fun and socializing. Info., George Soeten, (951) 797-0254. ~ **George Soeten**

## PAN

We are looking for players, substitute players, and people who are interested in learning the game. I am happy to teach anyone who wishes to learn the game, either individually or in a small group, your home or mine. Pan is a card game, much on the order of gin in some respects, and played with up to eight people at a table. It is played by both men and women, so men are very welcome as well as women. The game can be played in the day, evening, in a room in the Lodge or in private homes. If you are interested, please call me, Linda Mendelson, at (951) 941-9100 or email me at Goldtoy@earthlink.net and I will answer any questions you may have. As all card games, it is played with both skill and luck. ~ **Linda Mendelson**

## BRIDGE

We are extending hands across the table to those who are interested in the Monday Bridge Club. We are one of the original card playing clubs that came into being over nine years ago and are still going strong with dedicated players.

Recently we moved into our new, fresh, attractively decorated room at the extended Lodge. It has the best views of the beautifully landscaped grounds at Four Seasons. Bridge is a gentile game of quiet contemplation and we enjoy playing in the park-like setting.

For further information concerning the bridge world at Four Seasons, call Helen Shoemate at (951) 845-9312.

I look forward to congratulating you on your next grand slam. ~ **Helen Shoemate-Gurley**

## BRIDGE FOR FUN

We welcome new or experienced bridge players to our group. We meet every Wednesday at 11:30 am. Feel free to bring a lunch or snack. The main idea is learning and fun. We encourage the discussion of conventions as you rotate partners and tables. We all help with scoring this party bridge format. We are not a duplicate group. Candice at (951) 845-0942 is one of the best teachers in Four Seasons and she can guide you in learning duplicate or party bridge. We usually have at least one seasonal party each year. Welcome Phil Jaffe. Keep on playing! Please check at the Lodge desk to verify our room. Come and meet sweet Verina our very own "love" person! We have made wonderful friends and we are blessed!

Co-Chairs Verina (951) 769-1681 and Phil (951) 922-2525. ~ **Dr. Phil**

## CANASTA #1

Join us for an afternoon of friendship and fun while playing a game of Hand and Foot Canasta. We meet in the Card Room every Thursday afternoon, 1 to 4 pm. Each week you may play with someone different, giving you an opportunity to meet other Four Seasons residents and old friends who enjoy an afternoon of "cool" cards. Plus, the Bistro is just down the hall if you would like a snack or a cold drink. We supply the cards so all you have to bring is your body and the desire to have a little fun. If you don't know how to play we are always happy to set up a teaching table and by the time the afternoon is over you will have mastered the game. All you have to do is show up and leave the rest to us. ~ **Melody Seewoster**

## TASTE D'VINE

Lorimar Vineyards and Winery opened among a fanfare of local residents and guests of Temecula Valley Wine Country. This Tuscan style winery features crafted wines that are approachable with a fruit forward style that showcases the strengths of Temecula Valley Wine Country. The first vine plantings were of Cabernet Sauvignon in the year 2000, followed by Syrah, Grenache, Muscat, Viognier and

Sangiovese.

Taste d' Vine Wine Club is excited to showcase the award-winning Lorimar Vineyards and Winery for wonderful tasting and interesting education at our September meeting on the third Thursday, Sept. 17, 6 pm in the Ballroom. Bring an appetizer such as bread or crackers and cheese, your own favorite bottle of wine if you wish, and a glass or two for tasting and sharing. Members \$5, guests \$10. ~ **Gracy Luna**

## DOMINOES

Our June winner Robert Manuel was served his winning dinner. He chose El Pollo Loco, chicken, along with salsa, chips, rice and devil's food cake. Jim Stover also fixed up a special recipe of cowboy beans. They were mighty good and the pot emptied real fast. Better fix a bigger pot of those beans next time, Jim.

The competition for the winner for the month of July turned into a real horse race with Leroy Wright, with 12 game wins, Marvin A. Gaines, with 11 game wins and Jim Stover with 10 game wins. Down the stretch, Marvin got 12 wins along with Jim Stover with 12 game wins. But the Ghost, Leroy Wright, showed up before Halloween and crossed the finish line with 15 wins for July. Nicely done Leroy.

We meet every Wednesday and Friday from 5 pm to 9 pm in the Lodge Game Room. For more information call Jesse at (951) 769-2035 or Reggie at (951) 769-6483. Everyone is welcome. Come out and play and make some new friends. ~ **Marvin A. Gaines**

Domino Club Champion*

## AFRICAN AMERICAN CULTURE CLUB

Our Christmas/Holiday reminder reservations are being accepted on a first-come-first-served basis. Reservations may be obtained from Wondell Collins at (951) 845-7263, Delene Houston at 951 205-0972 and Johnetta Driscoll at (951) 922-6039, the cost is \$50 per person. The time is flying... reservations will be gone before you know it. The tickets are selling well.

Our own Roxie Elliott is hosting a boot camp to discuss some important information regarding trusts, directives, last will and testaments, etc. It will be Monday, Sept. 14 at 6 pm in the Four Seasons Card Room. This boot camp is open to all of our neighbors, family members and friends. There will be enough time available after the presentation for Q & A. If you are interested in attending, please contact Roxie at (951) 769-

2517. A head count is needed so proper handouts are available to all in attendance, please remember to share this information with others.

Also, we have a guest speaker joining us to discuss advance planning for funerals and cremation.

On Aug. 8, we were thoroughly entertained by the singing duet Divas Divine. What a fabulous show they put on. If you missed it, you missed a treat. Special thanks to our own Betty Ann James, Verlette Brummell and the Social Committee for putting this on for the Four Seasons Community.

Due to Labor Day, the next meeting will be on Sept. 14. For more information contact Betty Ann James at (951) 572-5538. See you there! ~ **Wanda Valentine**

# RACQUET CLUB

The dictionary defines “child’s play” as “something easily done,” with synonyms like “pushover,” “walkover,” or even “breeze.” (How’s that for product placement?) Well, when the child is a future superstar named Lleyton (superstars just use one name), the more appropriate synonyms are “awesome,” “terrific,” and “scary good.” This small human being, somewhere in the range of eight years old, was a guest at the Racquet Club’s monthly Play Day, and he played effectively with and against folks ten times his age (some of whom may be getting smaller while he is still growing). The Play Days (last Saturday, every month beginning at 8:30 am) are open to all residents and their tennis-playing guests, irrespective of size, though being able to see over the net can be beneficial.

Also at the Play Day, the Nelsons once again provided valuable drawing prizes for participants lucky enough have their tickets picked. Major winners included Irve Sturner, who walked away with his own fresh pineapple, because he chose the mystery bag. Apparently, the pineapple had something to do with KHOV’s Hawaiian-themed “sell-a-bration.” Steven Hovey won a fine-looking wooden box that came with a long-winded story about how cheap it was at Kohl’s. But the special prizes were copies of the Red-Blue Fourth of July posters created by Howard Levine with a montage of photos of all the participants in that annual event.

At press time, planning was underway for a hosted luncheon to be held in conjunction with the Play Day on Sept. 26. These

hosted lunch events several times during the year are among the benefits provided to members of the Four Seasons Beaumont Racquet Club.

Looking further ahead, our Annual General Membership Meeting and dinner will be on Tuesday, Oct. 20, at the Lodge. In addition to a review of the past year’s activities, we will conduct elections for all positions on the committee. Interested members are encouraged to attend our Tuesday, Sept. 15 committee meeting is at 4 pm in the Lodge annex (or whatever it is now called) to observe the not-so-mysterious inner-workings of the club management and to consider running for office, and taking an active role in the leadership of our Racquet Club. ~ **Steven Hovey**

# TABLE TENNIS

Our Ping Pong Club got together on Aug. 4 for a team picture. Our first team picture about three years ago had 14 people in it and no women. This picture has 25 adults including seven women. Yes, our club is growing, and it is popular with both men and women. Come and find out why Ping Pong is rapidly become one of the most popular recreational sports among those 55 or better. For more information please contact Niles Sundstrom (951) 572-5119 or Alan Chan (951) 769-4202. ~ **Niles Sundstrom**

# PADDLE TENNIS

The Paddle Tennis Club (PTC) goes out to lunch every second Tuesday of the month to one of the local ethnic cuisines restaurants. It's coordinated by Alan Chan. In July some of us went to the Punjab Palace in Riverside and indulged on delicious Indian food. The buffet style lunch was delicious, spicy and the cost was very reasonable. Later in the month the PTC joined the Ping Pong Club (over 20 of us) and car-pooled to Cabazon to celebrate Ruby's 93rd birthday at Ruby's Diner with a \$1.93 beef burger combo. Some of us had to top it off with a large milk shake. Everyone including our outside guests and some spouses had a great time. Apparently some of our members knew about the birthday celebration from past experience and gave us the heads up.

Our club keeps growing in number and members are truly enjoying the game and the socialization. In fact, some of the PTC members have a standing invitation to play paddle at Sun Lakes on the days the game is not played here at Four Seasons.

Congratulations to "the dream girls" (Diana and Shaw) for beating "the boys" (Alan and Richard) in three paddle games in a row.

Like always we extend invitation to those who want to come and play paddle with us. The PTC open play time is Mondays, Wednesdays, Fridays and Sundays 6 to 9 pm and Friday and Sunday 8:30 to 10:30 am. If you have question please call Diana Ali at (951) 769 5012. ~ *Hailu Kinde*

## TAKE A HIKE

The Take a Hikers lost a trio of good friends in June, friends we visited annually and whose hospitality we always enjoyed. These three, Barton Flats, Jenks Lake and the Aspen Grove, were all in the path of the fire that torched the upper San Gorgonio Mountains. We will miss our visit in 2015 but we will return in 2016 to witness their rebirth. Their glory will not be regained in our lifetimes, but our grandchildren will behold their wonders near the end of the century. We will marvel at their rebirth as small plants and sprigs pop up from the ashes next spring, and in later years saplings will reach toward the skies. And perhaps for our senior citizens, that is a much more rewarding vision.

The unburned San Jacinto Mountains absorbed an influx of summer hikers due to the fire closure. Our "secret" parking spot for the Ernie Maxwell trail was crowded with intruders on our morning hike in July. Temperatures in the 70s promised a great day for hiking, as June gloom finally arrived in July to send cool air up the mountain. A 2015 group high of 17 hikers debarked, shook off the cobwebs of an hour drive up the mountain and hopped on the trail. We had a couple of scouts out front as we walked single file up the trail. Volunteer and ranger crews keep this trail navigable and evidence of chain saw work on fallen tree trunks was apparent. It is a 600 foot climb in two plus miles to our regular snack pause, and then back down to lunch in Idyllwild. Ernie Maxwell has always been a good hike and lived up to its reputation on this day. To find out where we are hiking in 2015 call or email Lynette Simonson, Hike Central at (951) 377-0392 or [lynette.simonson@gmail.com](mailto:lynette.simonson@gmail.com). ~*Len Tavernetti*

## BOCCE

Congratulations to the newly elected officers of the Bocce Ball Club: President, Mike Saperstein; Vice President, Larry Anderson, and Secretary, Jeannine Baker.

The game of Bocce Ball requires no specific skills or previous experience. You will get a little exercise and enjoy a beautiful view at the Summit all while having a great time with a great group of people. If you are interested in learning the game, please join us at the Summit. Commencing Sept. 8, we will be

playing on Tuesdays at 8:30 am and Wednesdays at 3 pm.

If you are interested in playing, we will be happy to meet with you about 15 minutes before the game to go over the rules and let you have a little pre-game practice. If you would like to schedule your first practice session or if you have any questions, please call Mike Saperstein at (951) 769-7909; Larry Anderson at (951) 845-8003; Jeannine Baker at (951) 797-0833; or Bob Cooper at (951) 769-6352. ~ **Bob Cooper**

## BILLIARDS FOR FUN

We have a delightful group of Four Seasons pool players who have joined together and built a great group of friends. We assemble once or twice a week to have a fun time playing billiards — a game we all enjoy. Well, most of the time. Sometimes it's very frustrating (when you're having an off-day, miss an easy shot, or shoot too hard), other times hilarious, and most times just downright fun! Fun is our goal, by the way. Sure it's about joining with your partner to share your abilities, develop strategy and give each other encouragement, but it's also about competition: trying to work your way to and then stay at Table One for as long as possible. It's about leaving with a lighter step as you get on with the rest of your day. All in all, the experience is true to its name: Billiards for Fun Group!

On Aug. 4 we had our quarterly in-house tournament. We actually had 24 people sign up to play, and the room was buzzing with good-natured competitive spirit. After nearly two hours of double elimination, the final round was between partners Dave Martin and Rob Norwood versus partners Ron Erickson and Dennis Boozer. Ron sunk the winning eight-ball with cheering and high-fiving from his partner, Dennis. (See inset photo of the prevailing partnership, displaying their winnings!) Our next quarterly in-house tournament will be Nov. 3.

On Aug. 11 we enjoyed our bi-monthly potluck and the amazing food that this group brought to share. Spouses are

always welcome, and it's a chance to get to know each other better outside of the Billiards Room.

If you are a long-time or brand new Four Seasons resident and have wanted to sharpen your billiard skills, join a group that's middle name is "fun," and spend a couple of hours each week with a great group of really nice, funny, and kind people, then consider coming to the Billiards Room every Tuesday. Session One is from 11 am to 1 pm. Session two is from 1 to 3 pm. There is also an informal practice every Saturday from 10:30 am to 12:30 pm. Come check us out! You'll be happy you did! ~ **Eileen Gilbert-Antoine**

## PICKLEBALL

Summer is upon us and we are all making the most of it. Pickleballers are still out in droves (20 or more) playing through the difficult weather. We are growing in numbers very quickly. We have many husbands and wives who play together in our group. It is really a great sport for couples to do together and with other couples. It is a fantastic way for single players to meet new friends. I am single and now some of my closest friends at Four Seasons are my pickleball buddies!

From the book *Fighting Gravity*:

"Set goals for yourself. Start your goals each week. Work out two days this week. Maybe three days the next. Start goals small and build on them. Just get out there and walk. It is good for the body and especially good for

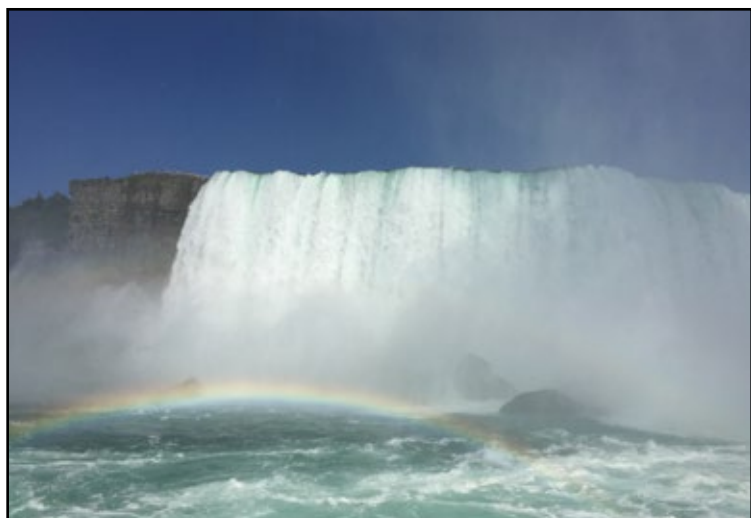

your soul. Remember there is no finish line in fitness. It is a journey that never ends. You will always be a work in progress. Growing old is not for sissies! It is crucial to keep up your exercise and not "part time" it. Maybe you can influence someone else to make a positive change in their lives. That is wonderful. Then maybe that person can help someone else and so on and so on. You've started a chain!"

Pickleball group open play time is 8 to 11 am Mondays, Tuesdays, Thursdays and Saturdays. You may reserve a court through the office to play with your own players when available. Remember we share with paddle tennis.

For questions contact Marty Key at keeksmail@yahoo.com or (562) 331-0817. ~ **Marty Key**

## ALL SEASONS RV

Well summer is almost over which means we will begin our monthly meetings again. Some of our members have made trips this summer across the good old USA, exploring the riches of the west coast or enjoying the adventures California has to offer. They are anxious to share their experiences and hear about new areas that the club can put on their travel agenda. Our next meeting is on Tuesday, Sept. 8 at 6 pm in the Lodge. We look forward to meeting up with our old friends and welcome any new or prospective campers to join us. For additional information, contact Ann Williams, annwilymz@yahoo.com. ~ **Ann Williams**

---

## ROADRUNNER RV'ERS

There will not be a meeting in September since a lot of us will be fishing and staying cool near June Lake. The next meeting will be Oct. 7 and we will talk about trips to mountains and future trips to Lake Cachuma, Huntington Beach, and other locations.

Our trip to Julian was great. We celebrated our 49th anniversary with the Shepards at Jermy's on the Hill. Thanks to the Shepards for the wine. We also went fishing at Lake Cuyumaca and had only one bite, but my wife pulled in a three plus pound trout that was great eating. ~ **Bill Guy.**

---

## 4X4 SEASONS

If you are interested in learning more about this group, please join us for our meeting which is held the second Tuesday of the month at 7 pm at the Lodge, usually in the Ballroom. Our monthly trip is always the third Thursday of every month. We meet in the north parking lot of the Lodge at 8 am. Anyone who has a four-wheel drive vehicle is welcome. Most of the trips are on State service trails designated for four-wheel drive. We do not do extreme off-roading. Call Bob Cooper to make arrangements, or with club questions, at (951) 769-6352. ~ **Bob Cooper**

*Bob Howard with his motorcycle*

*Ron Morgan enjoyed his August ride*

## MOTORCYCLE CLUB

Ron Morgan and Bob Howard left the Lodge on Aug. 3 at 6:30 am for an overnight trip to Solvang. The 280 mile ride took us through Redlands to the intersection with Interstate 15 and Hwy 138. We next proceeded to Palmdale for our morning Starbucks fix. From Palmdale, we went up Leona Valley to Lake Elizabeth and Lake Hughes. This route was one of the prettiest routes in Southern California until two years ago when fires devastated the area and the drought dried up both lakes. Our

next stop was Pine Mountain Golf Club for lunch and then down off the mountain to Hwy. 166. At this point it was 100 degrees and we broke out the cool vests. Our route then took us to Tepusquet Canyon and on to the wine country area of Chumash Valley. This ride is a favorite for a quick getaway with only 40 miles of interstate all the way to Solvang. ~**Bob Howard**

# THE 8-BALL CLUB

It is wonderful to have such great talent in our club to play alongside of and to share their inspiration.

That was evident this month when our friend Kenny Payne tore through the opposition to win the 8-Ball Tournament, hands down. Kenny is another of our members who has played pool for most of his life and demonstrated his skill by winning 5 straight games to take the championship this month defeating MaryAnn Diehl in the final game.

In 9-Ball action this month we may be witnessing another player come into his own. Larry Rice, one of our newer members, along with his wife Shirley, recently joined the 8-Ball club and are becoming a force to be reckoned with. Larry won six straight games and was pitted against Gary Christie in the final match, which he won.

Congratulations to Kenny Payne and Larry Rice, our monthly tournament champions!

Monthly 8-Ball Club Business Meetings are on the first Wednesday of the month at 7 pm.

Our team practices together at 7 pm on the first and third Mondays, every Wednesday and every Friday.

The In-house 8-Ball tournament is on the second Wednesday of every month at 7 pm.

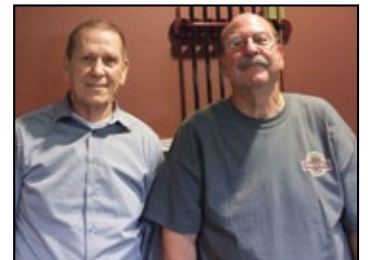

In-house 9-Ball tournament is on the fourth Wednesday of

every month at 7 pm.

Our "traveling tournaments" are the second and fourth Mondays of the month. The second Monday, we travel to Hemet Solera and the fourth Monday Solera Hemet comes here.

Check the 8-Ball Club message board in the Billiards Room for any changes of dates or locations.

*Woodcarvers use project plans, tools and wood at each club meeting.*

## WOOD CARVERS CLUB

Our club met for the first time July 31 in the Lodge Craft Room. Harry Henderson chaired the meeting. Fourteen people are listed as members of the new club, which will meet weekly for lessons, sharing and lots of chip making.

The members have all levels of experience. The more advanced will give short demonstrations of new techniques at each class.

After introductions and telling our carving history, we discussed tools such as knives, gouges and chisels. Some members brought their tools and examples of what they had previously carved.

One of the first classes will involve learning how to carve safely and how to sharpen tools. Future projects were discussed and a carving of a dolphin or a horse's head are planned.

The club meets on Fridays from 3 to 5 pm, at the Lodge Craft Room where we hope to see people who enjoy working wood by hand. For more information contact Harry Henderson at (918) 497-6490. ~ **Harry Henderson**

## HORSESHOE CLUB

Oh my, September already! Catalogs are full of autumn and fall items with those beautiful colors we all just love.

The Horseshoe Club continues to evolve, with meeting times and days changing in an effort to optimize the best time for all members. We are currently meeting at the summit on Thursdays at 6:30 pm. However, with the upcoming change of hours after Labor Day, we are planning another starting time. Possibly it will be an early morning time, but still on Thursday.

Our monthly social event dinner at the Bistro followed by dessert at a member's home, was hosted by Dee Kelch, our most capable club secretary. Let me tell you, this lady can bake! In addition, hosts for these fun events have been booked to the end of the year. Our club is always accepting new members, so give us a try; you won't be disappointed.

If you are interested or have any questions, please contact Ron Erickson at (951) 846-3288, rejlerickson@sbcglobal.net or Gary Christie at (951) 845-0520, goldtoy@earthlink.net. ~ **Ron Erickson**
